THE NATIONAL GRID
TO GIVE A GRID REFERENCE CORRECT TO 100 METRES

EXAMPLES — Hilder Hall
The Grid Letters on this sheet are SD

EAST: Take west edge of kilometre square in which point lies and read the large figures on the bottom edge of the sheet — 63

NORTH: Take south edge of kilometre square in which point lies and read the large figures on the right hand edge of the sheet — 32

Full 100 Metre Reference SD 6873 3268

The above Full Reference is unique. For many purposes the first grid letter can be omitted, giving a reference, D 6873 3268 which recurs at intervals of 500 Kilometres. If both grid letters are omitted, the resulting reference 6873 3268 recurs at intervals of 100 Kilometres. When the area concerned is sufficiently restricted, as will usually be the case with maps on scales of one inch to the mile and larger, both the grid letters are normally omitted.

The representation on this Map of a Road, Track, or Footpath, is no evidence of the existence of a right of way.

At the Eastern edge of this sheet True North is 0°22' East of Grid North and at the Western edge 0°24' East of Grid North.

REVISION DIAGRAM
Revised before 1930
Revised 1930-1945
The whole sheet was revised for major changes only in 1951.
Boundaries revised to 1-3-53.

Printed and Published by the Director General of the ORDNANCE SURVEY, CHESSINGTON, SURREY, 1956.

Antiquity (Site of) — Park, Fenced — Orchard
Spot Height — Wood, Coniferous — Heath & Moor
Boundaries, County — County or Borough — Constituency — Rural District — Parish
Wood, Mixed — Underwood — Rushes — Osier Bed — Quarry — Gravel Pit — Sand Pit
Parties — Sand Hills — Shingle — Flat Rock — Foreshore — Rock
