Do you consider that the part of the Core Strategy to which your representation relates is: *

Sound

Have you raised the subject of your representation with the Council at earlier stages in the preparation of the Core Strategy (before it was submitted for examination)?

No

If this is the first time you have raised this issue, please briefly explain below why you did not do so earlier:

Lack of capacity. Our small core conservation staff struggles to keep up with consultations across the district, unitary, county and regional and national levels at which we receive them. There are 27 planning authorities in our area.

To which part of the Core Strategy does your representation relate?

Paragraph No.

Policy No.

Please give details of what change(s) you consider necessary to make the DPD sound, having regard to the test you have identified above. You will need to say why this change will make the Core Strategy sound. Please be as precise as possible.

CS5

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on the original representation. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Can your representation seeking a change be considered by written representations or do you consider it necessary to participate at the oral part of the examination?

Nothing selected

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

--

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
