

One Page Profile: Post 16 (special)

Name

Shaun Pence

What people like about me and what I like about myself

Cheeky and fun 😊 always really happy a great laugh
Really friendly great sense of humour mischievous
Really helpful and always helps tidy up

What is important to me:

Having some independence
Working with my hands and using tools
Being around animals like cats, dogs, snakes and other reptiles
Bubbles; play-doh; blu-tak and anything else I can fiddle with!
Food technology
Reading books about animals
Playing games
Using IT
Being part of a group

How I communicate:

I usually communicate by talking but I am not able to express my emotions in this way so I communicate these by my behaviour, eg bouncing, flapping my hands, grinding my teeth

How best to support me:

Don't rush me when I'm on my feet
Keep my hands busy or I can get over enthusiastic!
I only like certain foods like pasta, fruit, chocolate and ice-cream
Always encourage me

Aspirations: What I would like to do in the future:

I want to be supported to do some voluntary work with animals
I want to live independently from my mum and dad but I know I will need support

How these views were gathered:

Shaun and his Learner Support Worker, Andy
