Analysis and tracking grids can be created to collate the data from the tracking marksheets and allow you to quickly analyse groups.

Below is a group analysis providing the percentage of pupils within an attendance band, the band is defined by school. Double-clicking on the cell will give you the pupils making up the percentage within the selected band. The data can be filtered on raw data.

1 Basic

Name: Attendance Monitoring Outcome Type: Percentage of Students

Aspect: **%Attendance
Result Set:

	=<85%	=<90%	<96%	=>96%
Year 1(ALL)	9.38	3.13	3.13	81.25
Year 2(ALL)				
Year 3(ALL)				
Year 4(ALL)				
Year 5(ALL)				
Year 6(ALL)				

SIMS Result Details

Surname	Forename	Aspect	Result	Result Date
Ackton	Stan	**%Attendance	92.19	06/05/2016
Bennison	Hugo	**%Attendance	93.00	06/05/2016

The tracking grid below identifies groups of pupils, e.g. those pupil's whose attendance is below 90%. The attendance bands are defined by the school. The data can also be filtered on the contextual data, e.g. pupil premium, gender.
