COURSES

The IHSCM currently has 10 courses, created in partnership with industry leaders and experts, that you will now have access to with your membership. We are always working to create new courses and any new course will always be with membership.

Introduction to Mentoring - CPD Accredited - This course has 6 Modules, and offers an introduction to mentoring and its theory and practice; whilst giving you insight into how to mentor your organisation and team. You can undertake this course at a pace that suits you and have access to the programme facilitators; Amanda Reynolds and Chris Birbeck, whilst you train.

Effective approaches to Communications - CPD Accredited - This course is primarily aimed at non communications specialists in health and social care, and designed to equip members with an understanding of basic concepts of how communications activity works in practice and what it could do for them. The course will introduce you to some of the concepts of how PR works, how it might work for you, and how you can leverage your resources.

How to Use & Report Data - CPD Accredited - Course leaders Sam Riley and Karen Hayllar from the Making Data Count NHS Team have produced 4 20-minute modules designed to improve and enhance your knowledge, skills and understanding of data analytics and how to make data count.

COURSES

continued

High Performance Leadership - The IHSCM is proud to present our High Performance Leadership programme for the 2020s. It includes topics such as; leadership styles, communication, behaviours, how to give effective feedback, how to listen and engage and the language we use, personal wellbeing, time management, Coaching and Planning

Coaching with Confidence and Credibility - If you want to find simple and effective ways to bring out the best in yourself and others, to increase performance and wellbeing, this course is for you.

Kristi Adams, the course leader, is an experienced, qualified and accredited coach and trainer, specialising in partnership working, leadership, personal growth and action learning. Kristi's bespoke training and coaching programmes challenge people to truly get to know themselves, what they are capable of and how to be their best.

Introduction to Mediation CPD Accredited- This short course will introduce you to the principles of mediation and provide you with opportunities to reflect and practice these skills, as well as understanding where to apply them. It will help you to understand points of escalation and how spotting these can be key to maintaining professional and productive relationships at work.

COURSES

continued

Population Health Management CPD Accredited-

This short course is produced by Dr Jonathan Pearson-Stuttard; Public Health Physician & Epidemiologist, and Catherine Falconer; Consultant in Public Health at Somerset County Council, has 4 modules of online content and reading material references.

The course will provide you with the knowledge, skills and understanding of what Population Health Management (PHM) is at a local, macro and micro level.

Green Sustainability - A Master Class by Ian Boyd from Arc Consulting.

Performance Mentoring Programme CPD Accredited

- This course builds on the Introduction to Mentoring Programme and teaches you the skills needed to engage, motivate and enable improved team performance. Produced by Blend Associates Ltd's Jeff Matthews, Faculty Trainer and Coach, and Amanda Reynolds, Managing Director and Founder.

How To Speak Up Safely in Health and Social Care -

This course has been produced by Tom Bell of Cormetis Consulting. Designed to create wilful awareness, providing you with the insight, tools, techniques and support needed to safely call out and prevent behaviour in health and social care settings.

SPECIAL INTEREST GROUPS

At the IHSCM, we have many Special Interest Groups available to members.

These SIG's highlight particular themes and functions within the workplace, the voice of the sector for the sector.

You can join as many of our SIG groups as you wish and attend the bi-monthly meetings here

BECOMING THE SOLUTION

At the IHSCM, we are keen to start **bringing the solutions** to the social care sector. Our members are integral to this as we believe the voice for the sector has to be of the sector.

Our '**Social Care Innovators**' group launched in January 2020 and has already achieved amazing outcomes that are starting to help shape the sector.

The Innovators group is made up of 8 sub groups, each with their own mission and desired outcomes to benefit the sector.

When you join the IHSCM, you're not just becoming a member, you're becoming a Social Care Innovator.

You will be able to work with other members and industry leaders to help create amazing solutions like our recent **People Plan For Social Care**, or start fantastic initiatives like our **#GreenHeartForSocialCare** campaign.

● Join the groups you want to help the sector succeed! ●

● **Workforce**

● **Positive Image**

● **Digital Tech**

● **Research**

● **Care Leaders Innovators**

● **Power and Rights**

● **Recruitment**
