Proposed Installation of Toucan Crossing Traffic Signals

Statement of Reasons

As part of the East Lancs 'Valley of Stone' cycle route, it is proposed to install a traffic signal toucan crossing 3.6m wide on A681 Bocholt Way, Rawtenstall at a point 40 metres east of the centre line of Fallbarn Crescent junction.

There are currently no formal crossing facilities at or near this location.

The toucan will be installed to increase the safety of pedestrians and cyclists currently crossing Bocholt Way without any formal facilities.
