

THE WEIGHBRIDGE TEST UNIT

Lancashire County Council supplies weighbridge testing services from 40 tonnes capacity in the UK. **Please contact us to discuss any contract hire requirements.** The vehicle can carry up to 25 tonnes of calibrated (national standards) block weights plus smaller weights. Full traceability is assured and certificates are supplied on request. A forklift truck capable of lifting up to 2 or 4 tonne loads and the services of a fully qualified driver are included in the hire price.

Contract prices and rates for specific jobs by negotiation. List prices below for guidance:

Monday- Friday: £427 per day (40 TONNE), £481 per day (50 TONNE)

Standard hours return working from Preston 08.00 to 17.00; surcharge of £35.00 per hour (or part thereof) where standard hours exceeded and any weekend hours. A charge of £99 per night is applicable where an overnight stay is required or becomes necessary operationally.

NOTE 1: ALL CHARGES ARE SUBJECT TO VAT at the current rate.

NOTE 2: Due to increasing fuel costs usage over 125km will be charged £1/km.
