Applicants are advised to read 'Part 1 of the Commons Act 2006: Guidance to applicants' and to note:

- **This form provides for the severance of a registered right of common from the land to which it is attached by deed of transfer to a public body (Part A) and the application to register the transferee as the owner of the right of common in gross (Part B) in the register of common land or town or village greens under paragraph 1(6)(b) of Schedule 1 to the Commons Act 2006.** Although there is no requirement that you use a solicitor or other professional adviser to complete the form, please be aware that the commons registration authority can only assist in completion of the clerical aspects of the form, and persons with legal queries should seek advice from a solicitor or other professional adviser before completing the form.
- A transfer of a registered right of common to a public body under paragraph 1(1) of Schedule 1 to the 2006 Act will usually need to be made by deed to be effective in law (see section 52(1) of the Law of Property Act 1925). You need not use the deed of transfer in Part A of this form, but if you do not, you will instead need to attach to your application your own transfer deed (or, if a deed is not required, explain why this is the case). Where the transfer deed in Part A is not being used only Part B of this form needs to be completed. The transfer of a right of common to a public body under paragraph 1(1) of Schedule 1 does not operate at law until the transferee has been registered as owner of the right in gross in the register of common land by way of an application made using Part B of this form.
- You will be required to pay a fee for your application. Ask the registration authority for details. You would have to pay a separate fee should your application be referred to the Planning Inspectorate.
