

Lancashire County Council Children & Young People’s Public Health Commissioning—Child Health Profiles 2017

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people’s health across the whole of County. These lower level profiles highlight where children’s health needs are the greatest and opportunities to reduce inequalities are greatest.

Chorley East

There are 18 primary schools in Chorley East with no secondary schools. There are 3 independent schools.

There are 4 GP practices.

Child mortality is quite high for Chorley East with 2 deaths per 10,000 children aged 1-17 over a ten year period, ranked 7th of the 34 CHPs where 34 = best.

There were 6 infant deaths per 1,000 live births over the same period.

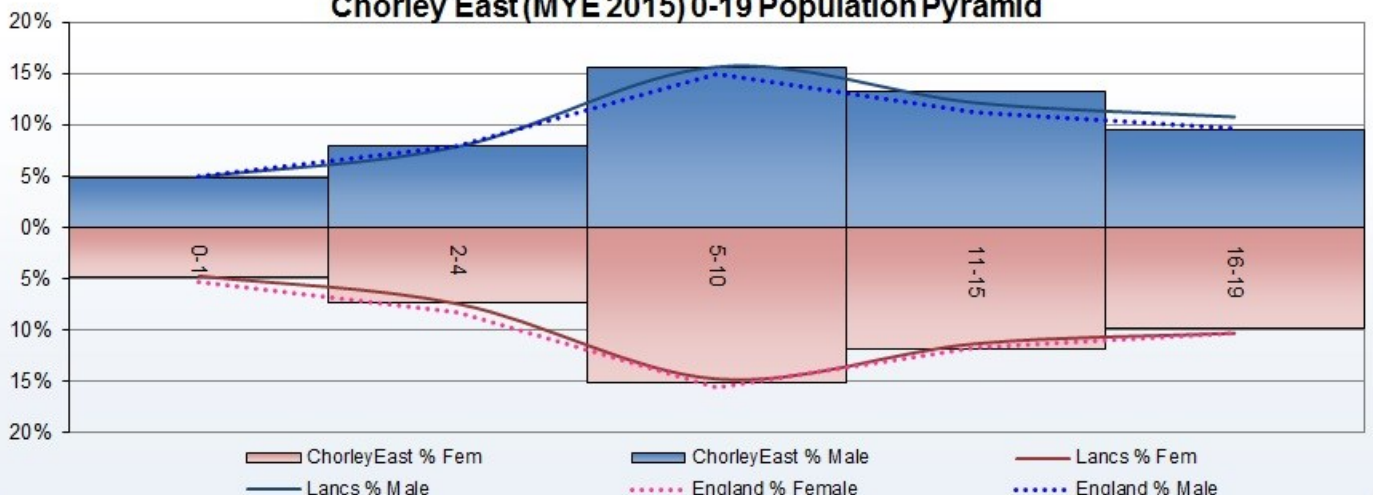

Just 1% of maternities were to mums aged <20 years, one of the lowest in the County (3 births, rank 33).

The proportion of children classed as overweight is also low in comparison to other areas in Lancashire. 19% of reception children and 28% of year 6 are classed as carrying excess weight.

72% of young people are achieving key stage 4 education which is ranked 30th.

Age Band	Female	Male	ChorleyEast % Fem	ChorleyEast % Male	Lancs % Fem	Lancs % Male
0-1	357	349	5%	5%	5%	5%
2-4	540	587	7%	8%	7%	8%
5-10	1113	1141	15%	16%	15%	16%
11-15	873	967	12%	13%	11%	12%
16-19	718	696	10%	9%	10%	11%
Total	3601	3740	49%	51%	49%	51%
