

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA\* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people’s health across the whole of County. These lower level profiles highlight where children’s health needs are the greatest and opportunities to reduce inequalities are greatest.

**CHORLEY WEST**

There are 19 primary schools and 1 secondary school in Chorley West. There are 2 independent schools, no special schools and no further education facilities.

There are 5 GP practices.

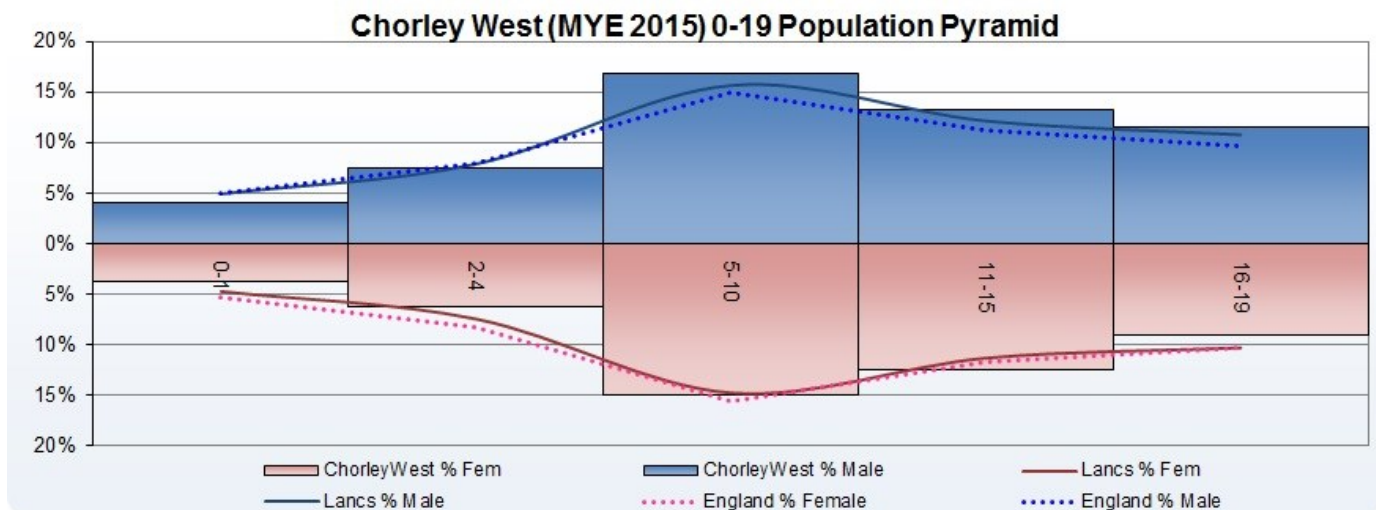

Child health outcomes are overall good for Chorley West. It has the second lowest % of its children living in poverty with just 6% and just 4% claiming free schools meals (both ranked 33 of the 34 CHPs where 34 = best).

Chorley West has the lowest % of young people not in education employment or training in Lancashire, with <1%.

A very high proportion of children aged 10/11 achieve education key stage 2 (71% ranked 33) and 15/16 year olds achieve key stage 4 (73% ranked 32).

Infant mortality is low and there are far fewer children on a child protection order / being looked after in this area

Age Band	Female	Male	ChorleyWest % Fem	ChorleyWest % Male	Lancs % Fem	Lancs % Male
0-1	233	250	4%	4%	5%	5%
2-4	382	455	6%	7%	7%	8%
5-10	920	1028	15%	17%	15%	16%
11-15	765	810	13%	13%	11%	12%
16-19	558	709	9%	12%	10%	11%
Total	2858	3252	47%	53%	49%	51%
