

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA\* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people’s health across the whole of County. These lower level profiles highlight where children’s health needs are the greatest and opportunities to reduce inequalities are greatest.

**ORMSKIRK AND NEWBURGH**

There are 11 primary and 2 secondary schools (1 with a 6th form) in Ormskirk & Newburgh. There is 1 short stay school, 1 pupil referral unit, and 2 independent schools. There is 1 university.

There are 6 GP practices, all in Ormskirk.

8% of children living in this area are living in poverty (ranked 27th of the 34 CHPs where 34 = best).

A&E attendances are very high in Ormskirk for both 0-4 (1200 attendances per 1000 population aged 0-4) and 5-17 year olds (550 per 1000), with both indicators ranked 2nd out of the 34 CHPs (1 = worst). Emergency hospital admissions are however low.

3 children or young people per 1,000 who live in Ormskirk & Newburgh are killed or seriously injured on Lancashire’s roads (10th).

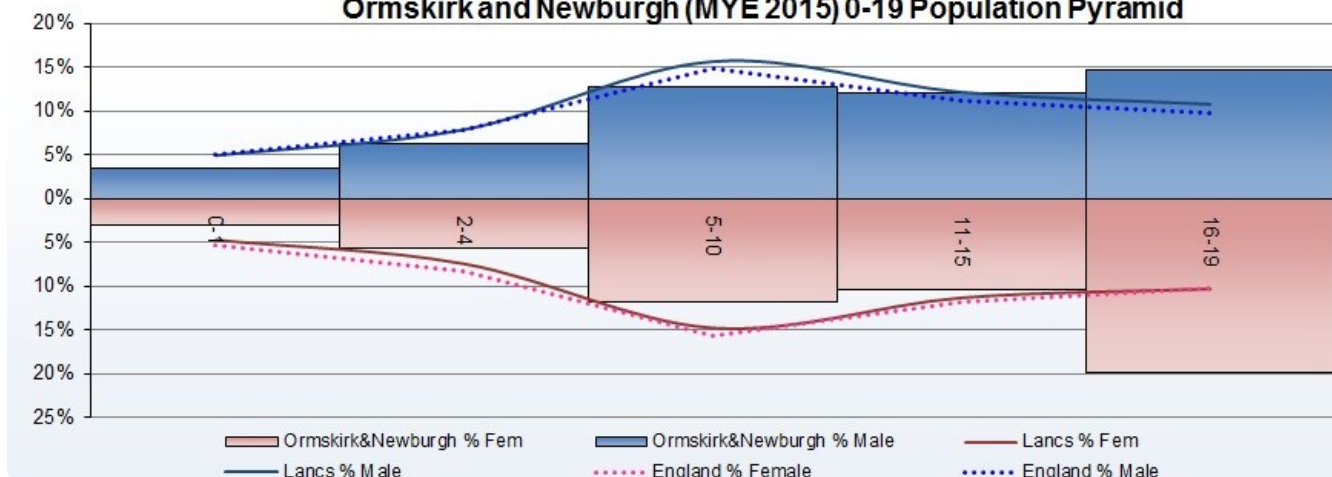

There are low numbers of children in need of protection or in care / being looked after.

Less than 1% of young people are not in education employment or training and educational achievement is high

There is double the % of 16-19 year old females living in Ormskirk and Newburgh than the % for Lancashire

Age Band	Female	Male	Ormskirk&Newburgh % Fem	Ormskirk&Newburgh % Male	Lancs % Fem	Lancs % Male
0-1	201	229	3%	4%	5%	5%
2-4	366	405	6%	6%	7%	8%
5-10	766	831	12%	13%	15%	16%
11-15	676	783	10%	12%	11%	12%
16-19	1296	961	20%	15%	10%	11%
Total	3305	3209	51%	49%	49%	51%

**Ormskirk and Newburgh (MYE 2015) 0-19 Population Pyramid**

\* MSAO - Middle Layer Super Output Areas are built from groups of Lower Layer Super Output Areas. The minimum population is 5000 and the mean is 7200

Lancashire County Council Children & Young People's Public Health Commissioning—Child Health Profiles 2017

Indicators are ranked according to their position within the 34 MSOA clusters and the colour ramp indicates in which quintile the value is located. The top seven being **red** (worst 5th), the next seven being **orange** (2nd worst 5th) the mid 6 being **yellow** (middle 5th) the next to best seven being **blue** (2nd best fifth) and the lowest seven being **green** (best 5th)
