# Lancashire County Council Children & Young People's Public Health Commissioning—Child Health Profiles 2017

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people's health across the whole of County. These lower level profiles highlight where children's health needs are the greatest and opportunities to reduce inequalities are greatest.

PRESTON NORTH

There are 8 primary and 3 secondary schools in Preston North. There is one independent school and 2 further education facilities (1 college and 1 sixth form). There are no special / short stay schools.
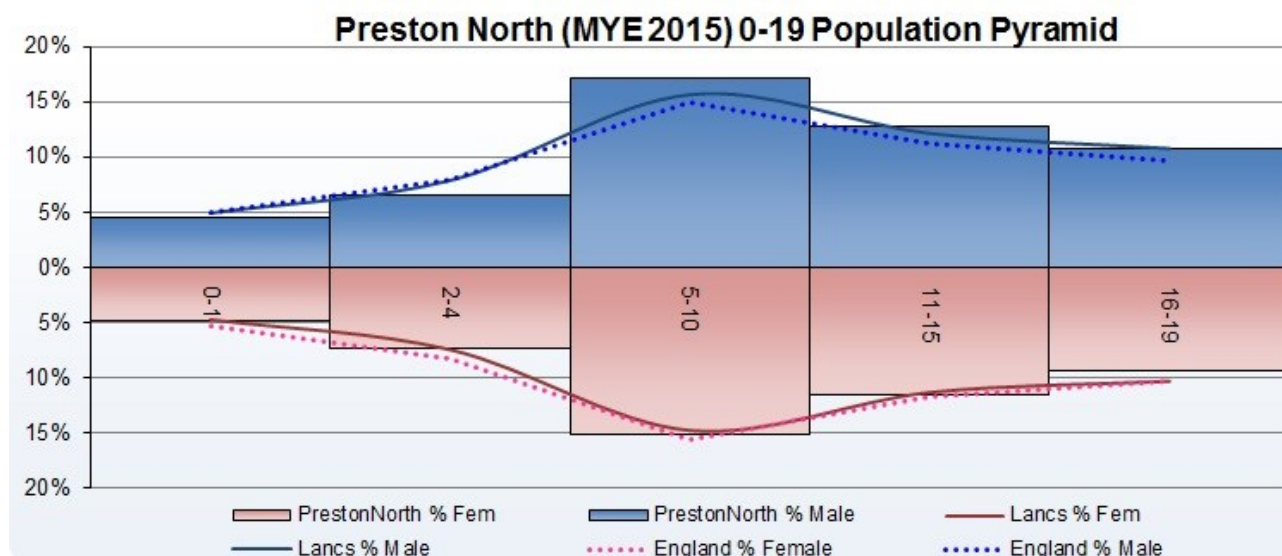

There are 5 GP practices.

Overall child health outcomes are good in Preston North. Just 6% of children live in poverty (ranked 32 of the 34 CHPs where 34 = best). Just 4% of school children get free school meals.

Preston North has the lowest rate of child deaths of the 34 CHPs with just 2 deaths over a ten year period. Infant mortality is low (ranked 24th).

77% of children achieve a good level of development at the end of reception (ranked 29th of 34) and the highest % of year 6s (age 11) attain education key stage 2 (72%) of the 34 CHPs. 74% achieve key stage 4 (age 15/16) ranked 33 of 34.

Just 1.3% of maternities were to mothers aged <20 years and just 2 children aged 0-4 were needing child protection.

Age Band	Female	Male	PrestonNorth % Fem	PrestonNorth % Male	Lancs % Fem	Lancs % Male
0-1	261	243	5%	5%	5%	5%
2-4	393	348	7%	6%	7%	8%
5-10	816	920	15%	17%	15%	16%
11-15	622	685	12%	13%	11%	12%
16-19	500	576	9%	11%	10%	11%
Total	2592	2772	48%	52%	49%	51%
