

Lancashire County Council Children & Young People's Public Health Commissioning—Child Health Profiles 2017

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people's health across the whole of County. These lower level profiles highlight where children's health needs are the greatest and opportunities to reduce inequalities are greatest.

PRESTON WEST

There are 12 primary schools and 2 secondary schools (1 with a 6th form) in Preston West. There is 1 special school and 2 independent schools. There is 1 pupil referral unit.

There are 4 GP practices.

Preston West has the 4th highest rate of emergency hospital admissions for 0-4 year olds of the 34 CHPs (where 34 = best).

17% of children living in Preston West are living in poverty (15th) and 15% of school children claim

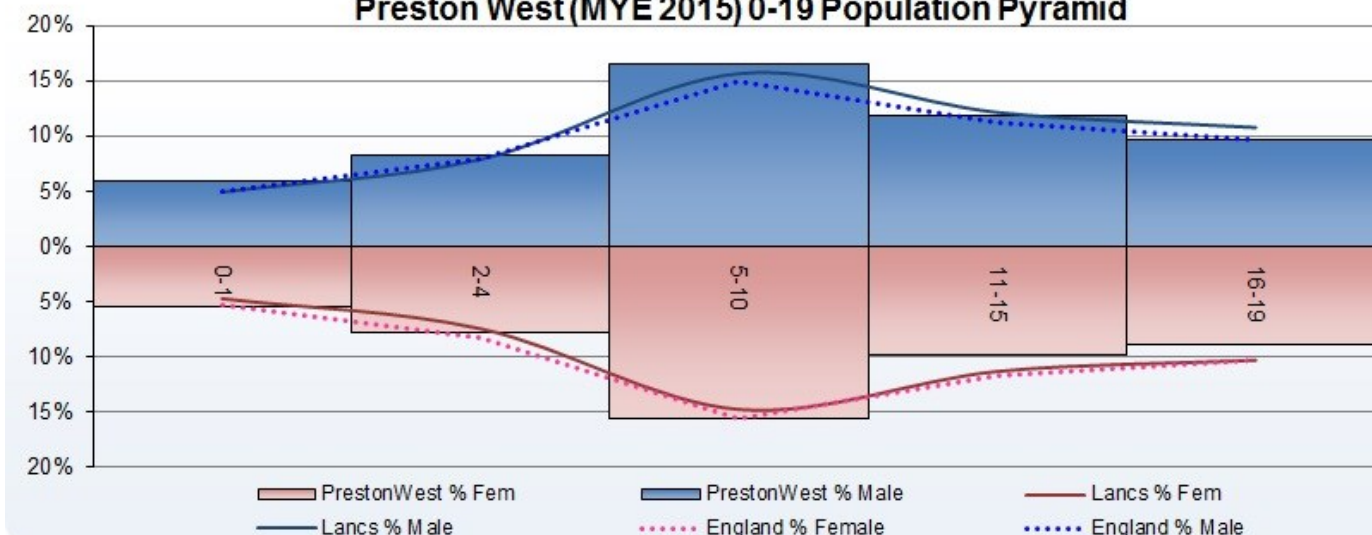

free school meals (11th).

6% of young people in Preston West are not in education employment or training (ranked 5th highest), 59% of its 10/11 year olds pass education key stage 2 (23rd) and 63% of its 15/16 year olds pass key stage 4 (ranked 21st).

Infant deaths are low with a rate of 3 deaths per 1000 live births (1 over a ten year period), ranked 26th—Preston West's 'best' indicator.

Age Band	Female	Male	PrestonWest % Fem	PrestonWest % Male	Lancs % Fem	Lancs % Male
0-1	382	416	5%	6%	5%	5%
