

Lancashire County Council Children & Young People's Public Health Commissioning—Child Health Profiles 2017

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people's health across the whole of County. These lower level profiles highlight where children's health needs are the greatest and opportunities to reduce inequalities are greatest.

SKELMERSDALE

There are 20 primary schools and 3 secondary schools in Skelmersdale. There are 4 special schools and 1 independent school. There is 1 further education facility.

There are 7 GP practices.

27% of children are living in poverty in Skelmersdale - ranked 5th of the 34 CHPs (where 34 = best). 22% of school children are claiming free school meals (4th).

Skelmersdale has the highest A&E attendance rates across Lancashire for

0-4 and 5-19 year olds with 1748 attendances per 1,000 0-4 year olds, which means the same children are attending multiple times. This is also an increase on the rate for 2014/15.

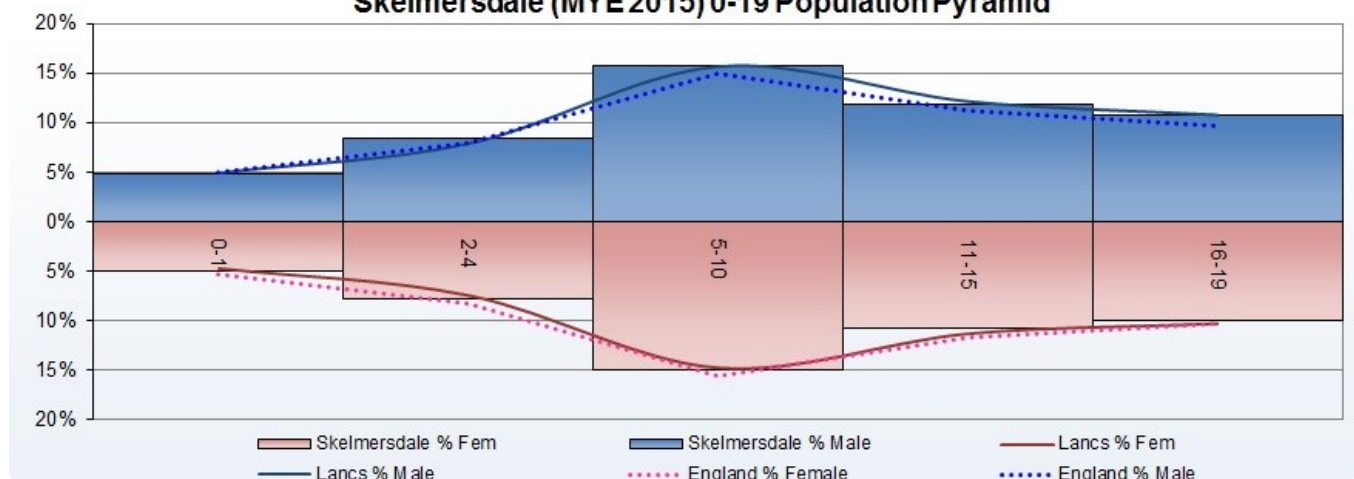

The 'best' indicator is the rate of emergency admissions for 0-4 year olds, with 212 admissions per 1,000 0-4yr olds - ranked 30th.

Skelmersdale has the third highest number of children aged 0-4 on a child protection plan.

26% of its reception children (age 5) and 34% of its year 6 children (age 11) are carrying excess weight (both 4th highest).

Age Band	Female	Male	Skelmersdale % Fem	Skelmersdale % Male	Lancs % Fem	Lancs % Male
0-1	550	531	5%	5%	5%	5%
2-4	869	929	8%	8%	7%	8%
