

Lancashire County Council Children & Young People’s Public Health Commissioning—Child Health Profiles 2017

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people’s health across the whole of County. These lower level profiles highlight where children’s health needs are the greatest and opportunities to reduce inequalities are greatest.

MORECAMBE & HEYSHAM

There are 16 primary and 2 secondary schools with 6th forms in Morecambe & Heysham. There are 2 special schools, 2 independent schools and 1 further education college.

There are 6 GP practices.

Child health outcomes are quite poor in Morecambe and Heysham with 4 indicators ranked 3rd highest of the 34 CHPs (where 34 = best) covering Lancashire. These are the % of young people not in education employment or training, the % of maternities to mums aged <20 years, the number of children aged 5-17 on a child protection plan and the number of looked after children aged 0-4. It also has the 4th highest number of looked after children aged 5-17.

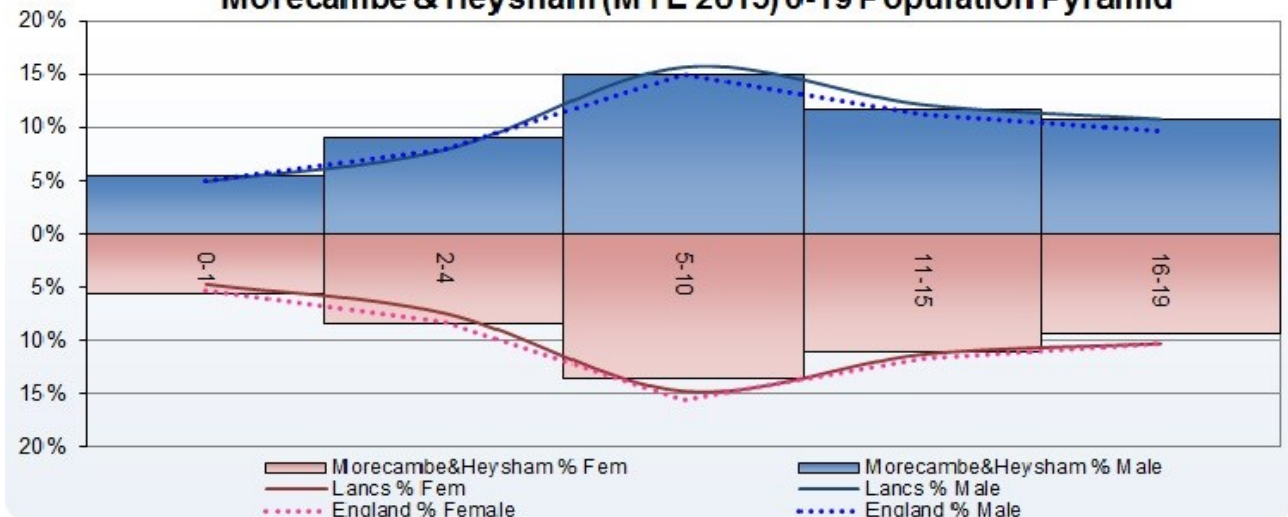

22% of children here are living in poverty (10th).

Educational attainment is quite low with 46% of 10/11 year olds passing key stage 2 education and 48% of 15/16 year olds passing key stage 4. 64% of 4/5 year olds achieve a good level of development at the end of reception (7th).

The ‘best’ indicator for Morecambe & Heysham is a low rate of A&E attendances for its 0-4 year olds (30th).

Age Band	Female	Male	Morecambe&Heysham % Fem	Morecambe&Heysham % Male	Lancs % Fem	Lancs % Male
0-1	759	741	6%	5%	5%	5%
2-4	1144	1220	8%	9%	7%	8%
