

# Lancashire County Council Children & Young People’s Public Health Commissioning—Child Health Profiles 2017

Public Health, assisted by Business Intelligence within Lancashire County Council have created 34 middle level (MSOA\* cluster) Child Health Profiles (CHPs). This is because the CHPs on the Public Health England website are only at upper tier level. This does not show the outcome data at sub-district level but just an overview of children and young people’s health across the whole of County. These lower level profiles highlight where children’s health needs are the greatest and opportunities to reduce inequalities are greatest.

## THORNTON CLEVELEYS

There are 13 primary schools and 3 secondary schools (1 with a 6th form) in Thornton Cleveleys. There are 3 special schools.

There are 3 GP practices.

Child health outcomes aren't too bad in Thornton Cleveleys. The 'worst' indicator is the rate of children living in this area who are killed or seriously injured on Lancashire’s roads with 3 serious or fatal incidents a year per 1000 population aged 0-19 (ranked 8th of the 34 CHPs where 34 = best).

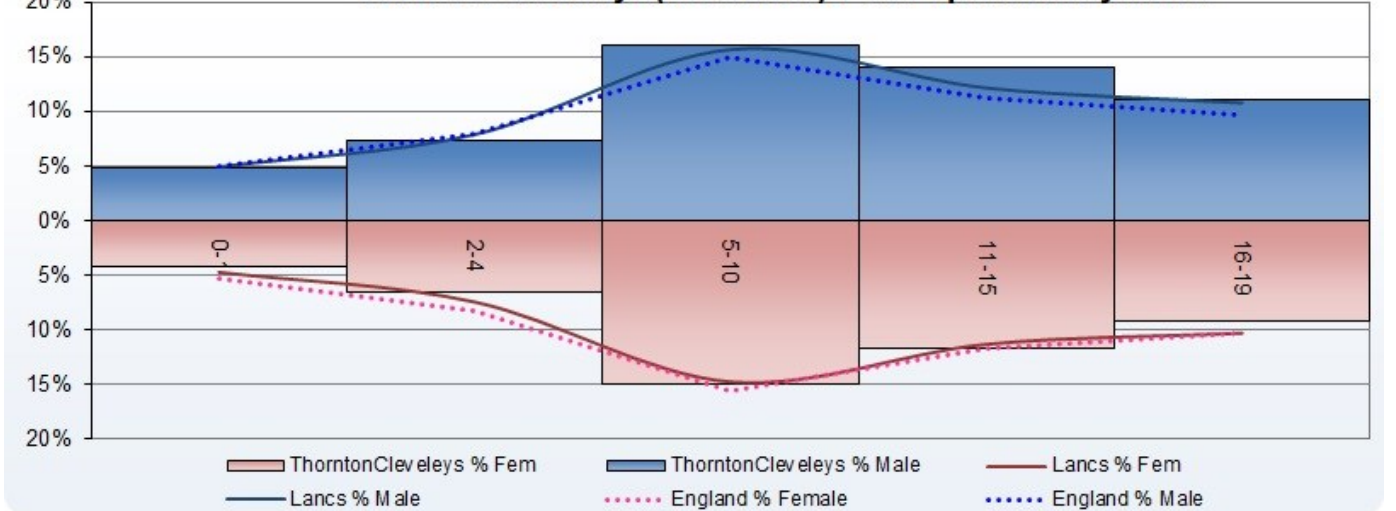

The A&E attendance rate for 5-19 year olds is low with 241 attendances per 1000 5-19 year olds - ranked 30th.

Child mortality is low with 1.2 deaths per 10,000 children aged 1-17 over a ten year period (10 deaths, ranked 29th).

Infant mortality is ranked 14th with a rate of 5 deaths per 1000 live births over the same ten year period (19 deaths).

Age Band	Female	Male	ThorntonCleveleys % Fem	ThorntonCleveleys % Male	Lancs % Fem	Lancs % Male
0-1	409	467	4%	5%	5%	5%
2-4	638	708	7%	7%	7%	8%
5-10	1457	1563	15%	16%	15%	16%
11-15	1139	1361	12%	14%	11%	12%
16-19	893	1079	9%	11%	10%	11%
Total	4536	5178	47%	53%	49%	51%

Thornton Cleveleys (MYE 2015) 0-19 Population Pyramid
