

Weekly update for coronavirus figures in the county

Wednesday 9 September 2020

How is coronavirus affecting people in Lancashire?

This is a weekly bulletin produced by the Lancashire Resilience Forum with the latest figures on the number of coronavirus-related cases and deaths in the county, as well as figures at a unitary and district level.

It also shows how Lancashire compares to other areas of the country.

Confirmed cases from positive 'pillar 1 and 2' tests up to 7 September 2020

LANCASHIRE

11,705

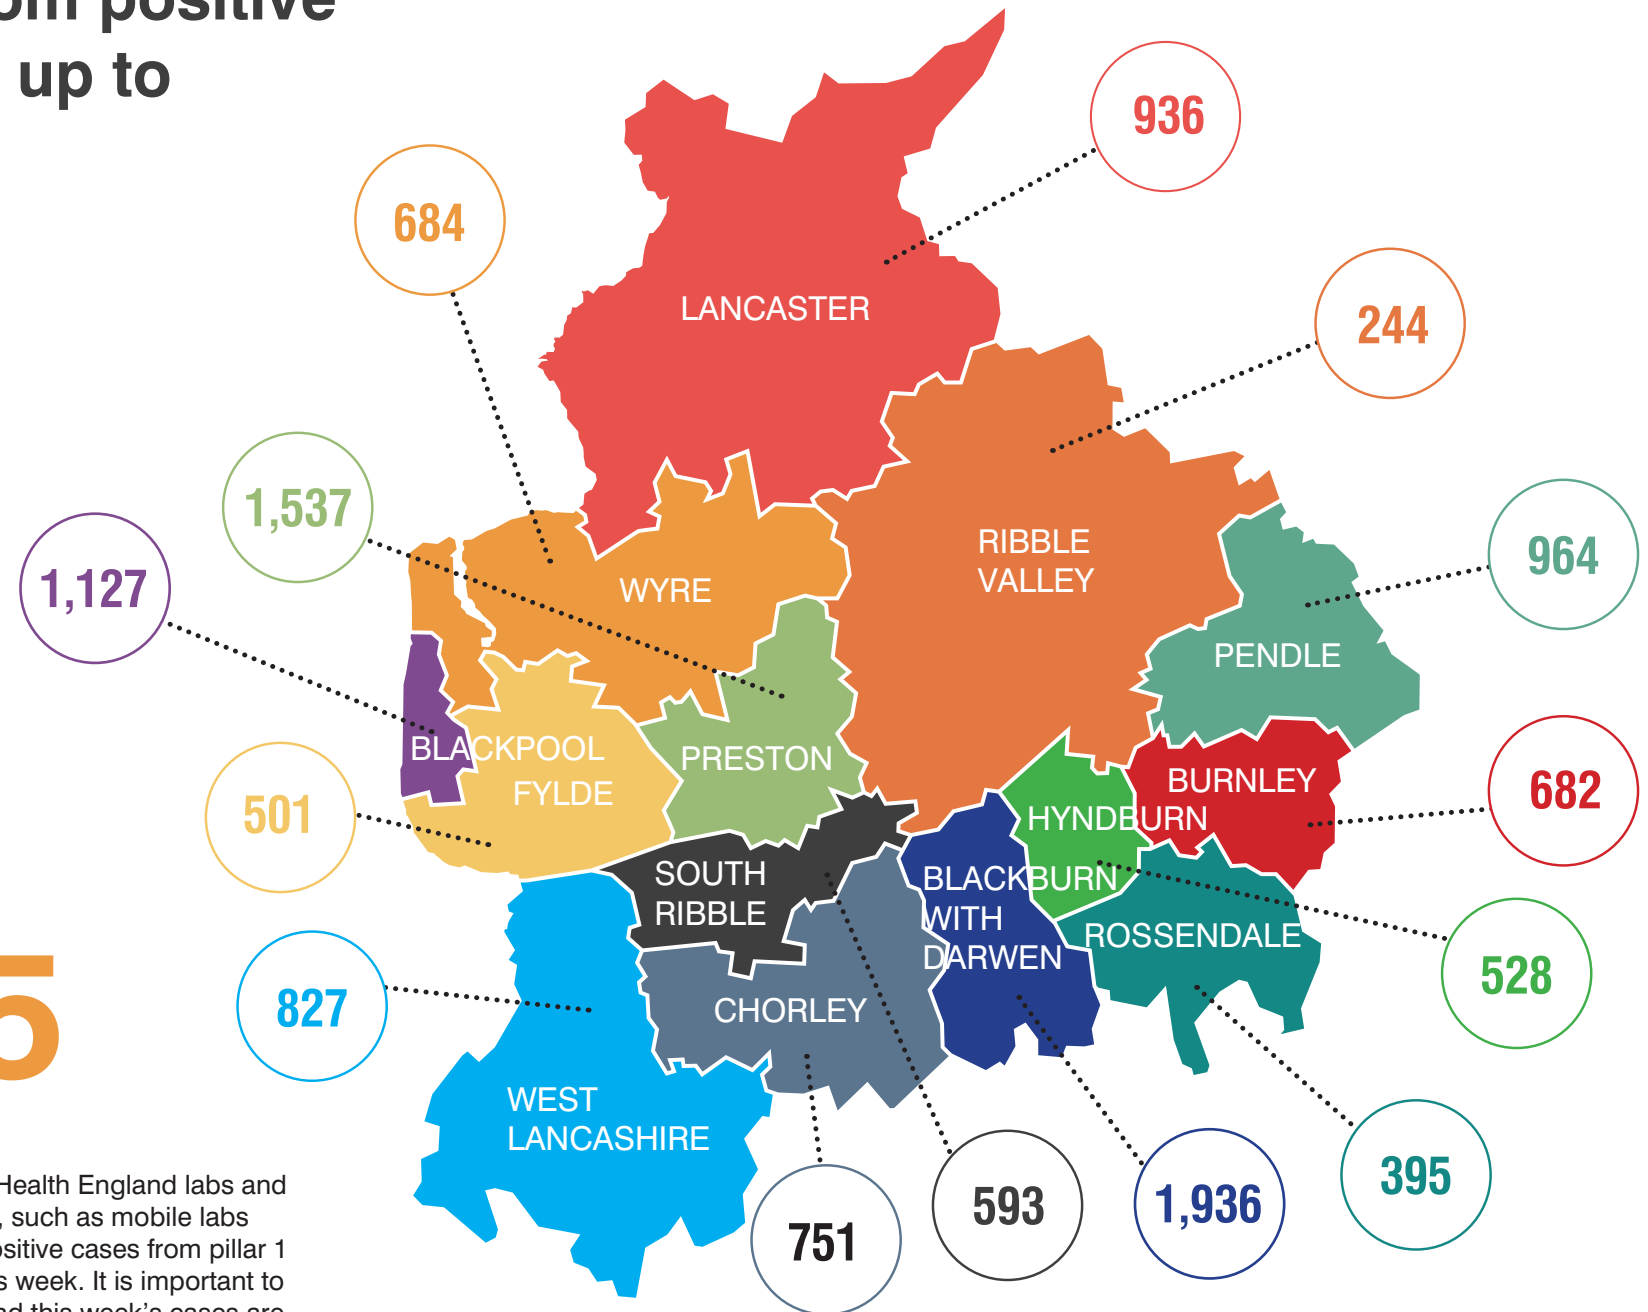

NORTH WEST

56,269

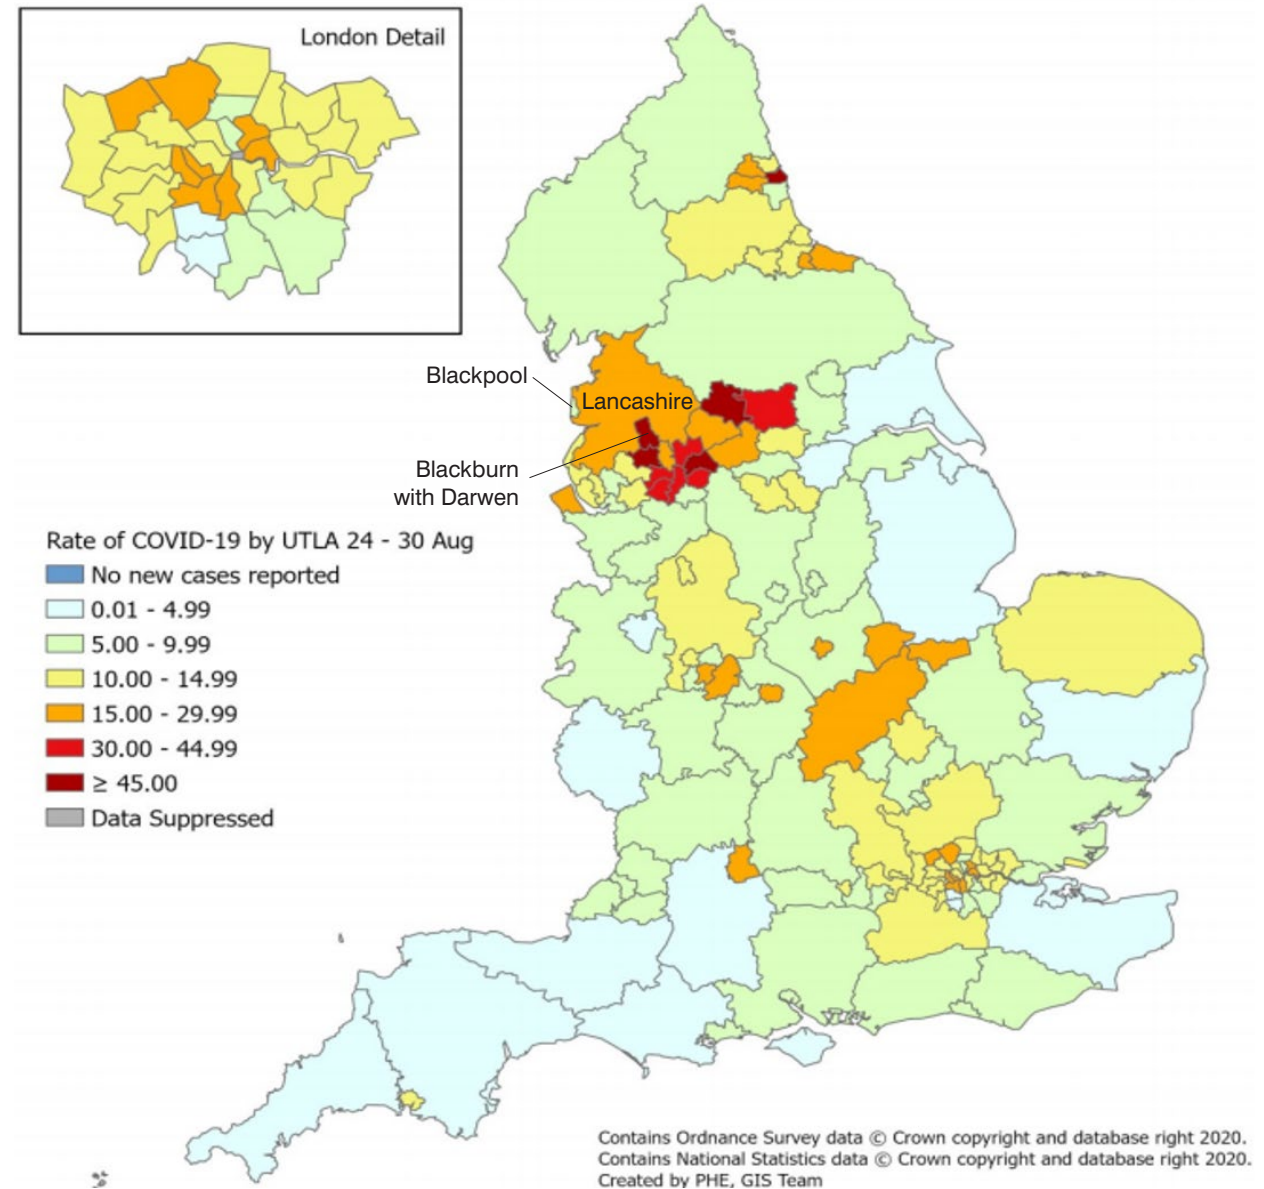

ENGLAND

302,175

These figures are from tests carried out in Public Health England labs and in the NHS (Pillar 1) and from other testing routes, such as mobile labs (Pillar 2). 24 June and 1 July bulletins included positive cases from pillar 1 only, hence the counts are lower than they are this week. It is important to note that the cases haven't suddenly increased and this week's cases are based on both pillars.

Weekly rate of Covid-19 cases per 100,000 population tested under pillar 1 and pillar 2 (Week 35 - data between 24 August and 30 August 2020).

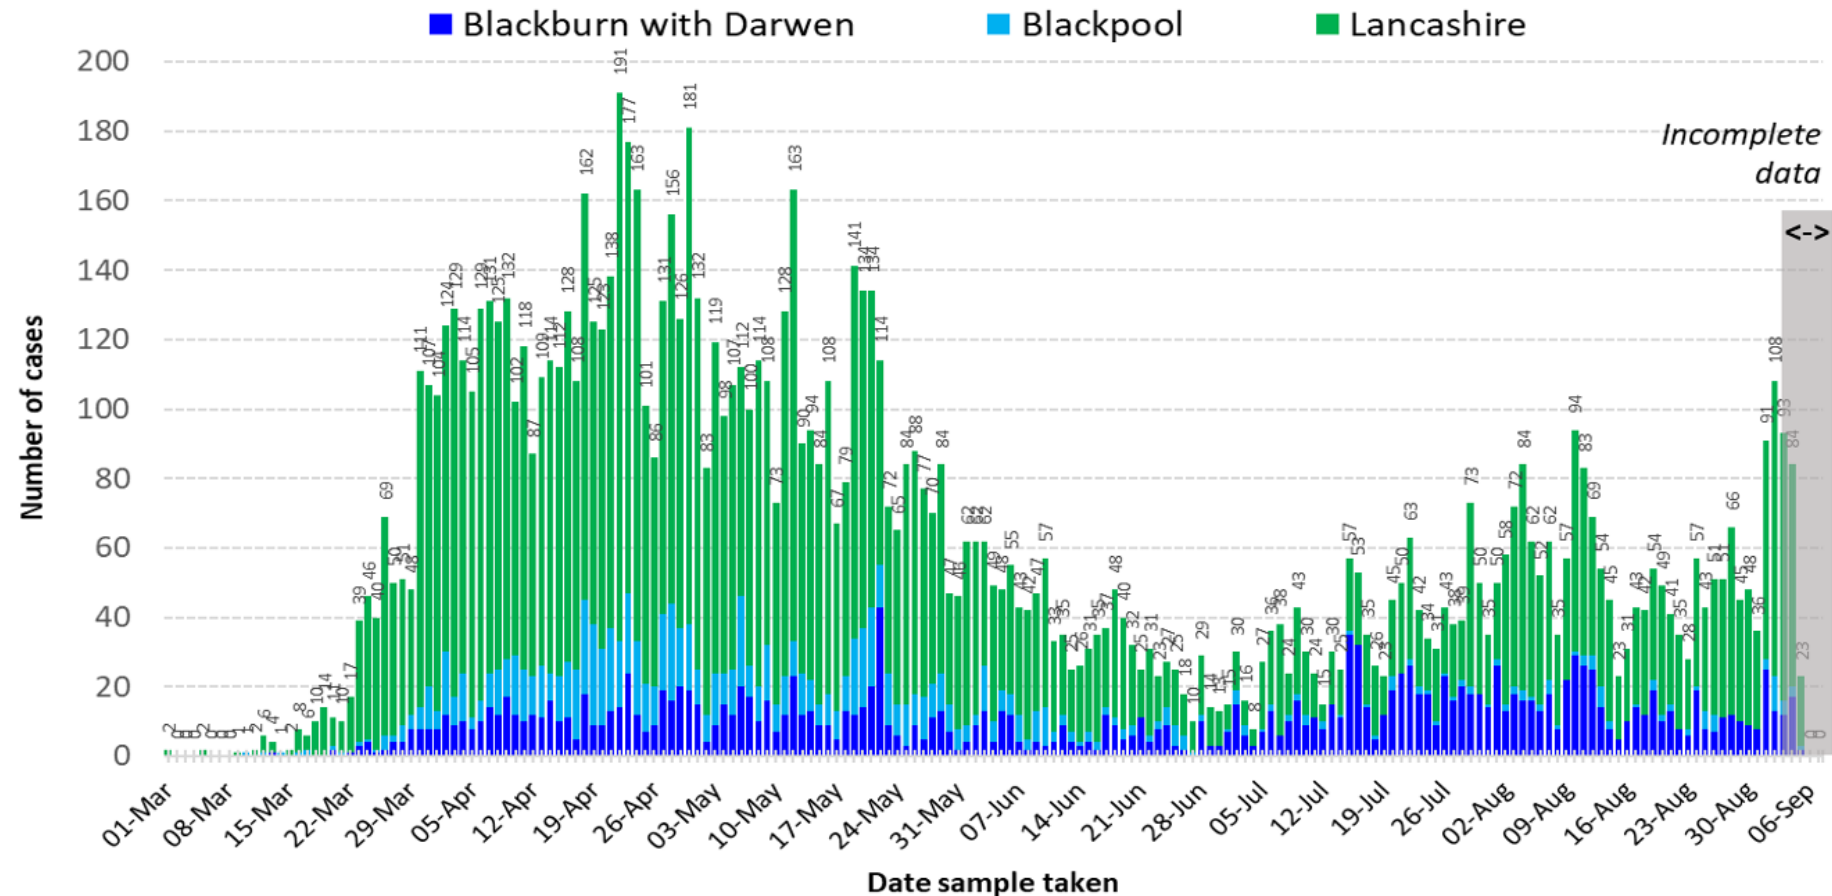

For rate of cases detected via Pillar 1 & 2 testing:
Blackpool is in the second lowest category
Lancashire is in the third lowest category
Blackburn with Darwen is in the highest category

Pillar 1 = swab testing in PHE labs & NHS hospitals for those with a medical need and key workers & their families
Pillar 2 = testing by commercial partners - swab testing for the wider population from out in the community

Cumulative lab-confirmed cases up to 7 September, rate per 100,000

Daily pillar 1 and pillar 2 lab-confirmed cases to 7 September

Positive tests are counted according to the date the sample was taken. However, most swabs taken in recent days will not yet have produced a result, so it is important not to jump to the conclusion that the epidemic is tailing off quicker than it really is. The PHE website cautions that only data from five days or more ago can be considered complete. The greyed-out columns in figure above are liable to be added to as more results come in.

Figures relating to confirmed cases by Upper Tier Local Authority can be downloaded from: <https://coronavirus.data.gov.uk>

Testing and incidence reporting period 29/08/20 – 04/09/20

Local Authority	Individuals Tested per 100,000 (7-Day Moving Average)			Percentage Tested Positive per 100,000 (7-Day Moving Average)			Daily Incidence per 100,00 (7-Day Moving Average)		
Blackburn with Darwen	197.3	179.6	↑	4.5	4.7	↓	61.8	59.1	↑
Blackpool	85.6	85.3	↑	2.0	1.6	↑	12.2	9.3	↑
Burnley	187.0	181.5	↑	4.4	3.7	↑	57.6	47.4	↑
Chorley	108.0	110.1	↓	2.0	1.9	↑	16.3	14.6	↑
Fylde	85.8	84.9	↑	2.1	1.9	↑	12.5	11.3	↑
Hyndburn	203.1	204.2	↓	3.0	1.8	↑	42.1	26.0	↑
Lancaster	83.4	79.7	↑	1.9	1.5	↑	11.1	8.3	↑
Pendle	191.0	193.2	↓	4.3	4.6	↓	58.0	62.4	↓
Preston	160.1	158.5	↑	5.3	4.5	↑	59.9	50.1	↑
Ribble Valley	126.8	120.1	↑	2.3	3.0	↓	20.0	25.0	↓
Rossendale	222.5	201.7	↑	5.2	5.2	↔	80.4	73.3	↑
South Ribble	115.2	114.9	↑	2.0	1.3	↑	18.1	10.9	↑
West Lancashire	114.3	113.0	↑	2.5	2.2	↑	20.2	17.6	↑
Wyre	82.1	83.1	↓	2.8	2.5	↑	16.2	14.4	↑
ENGLAND (26/08/20-01/09/20)	110.5			2.0			15.6		

Due to the reporting delays the most recent 4 days are excluded from the calculations of rates and moving averages
