

Weekly update for coronavirus figures in the county

Wednesday 6 January 2021

How is coronavirus affecting people in Lancashire?

This is a weekly bulletin produced by the Lancashire Resilience Forum with the latest figures on the number of coronavirus-related cases and deaths in the county, as well as figures at a unitary and district level.

It also shows how Lancashire compares to other areas of the country.

**Lancashire
Resilience
Forum**

Confirmed cases from positive
'pillar 1 and 2' tests up to
4 January 2021

LANCASHIRE

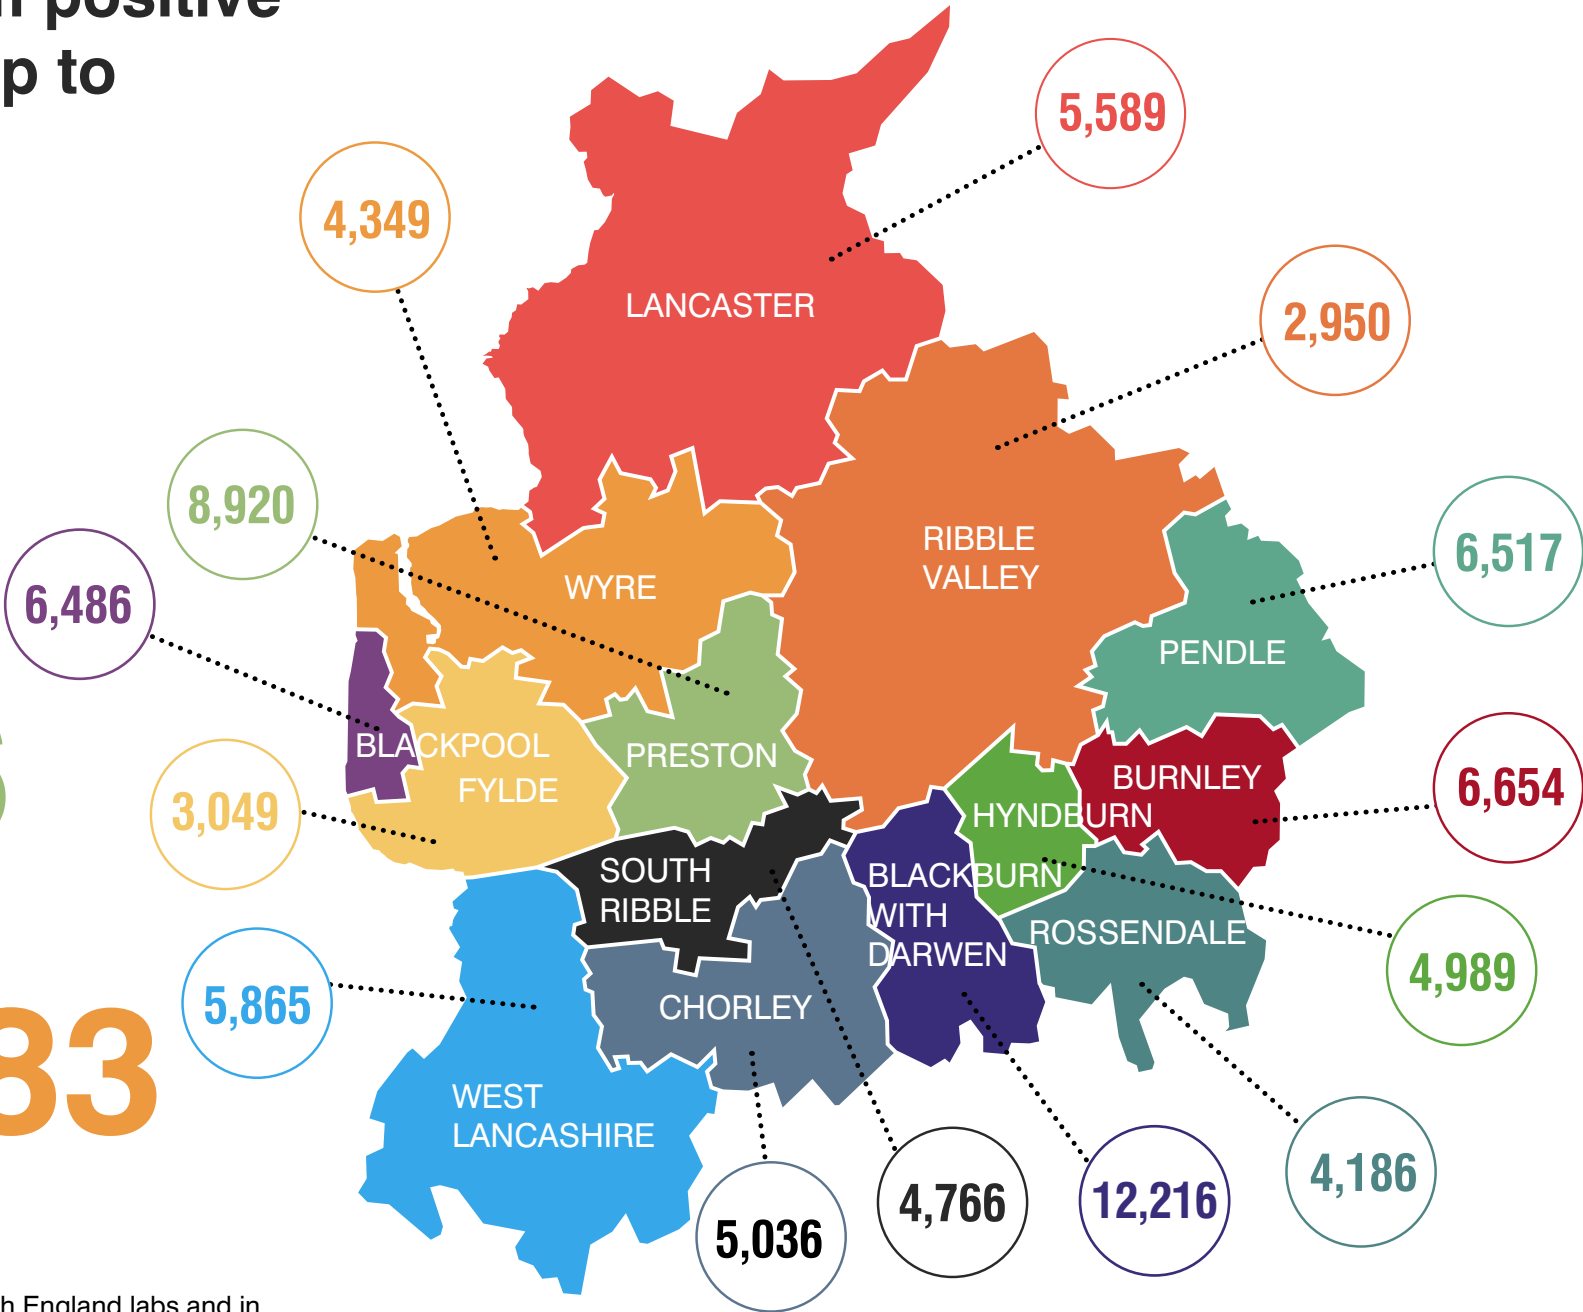

81,572

NORTH WEST

390,166

ENGLAND

2,339,983

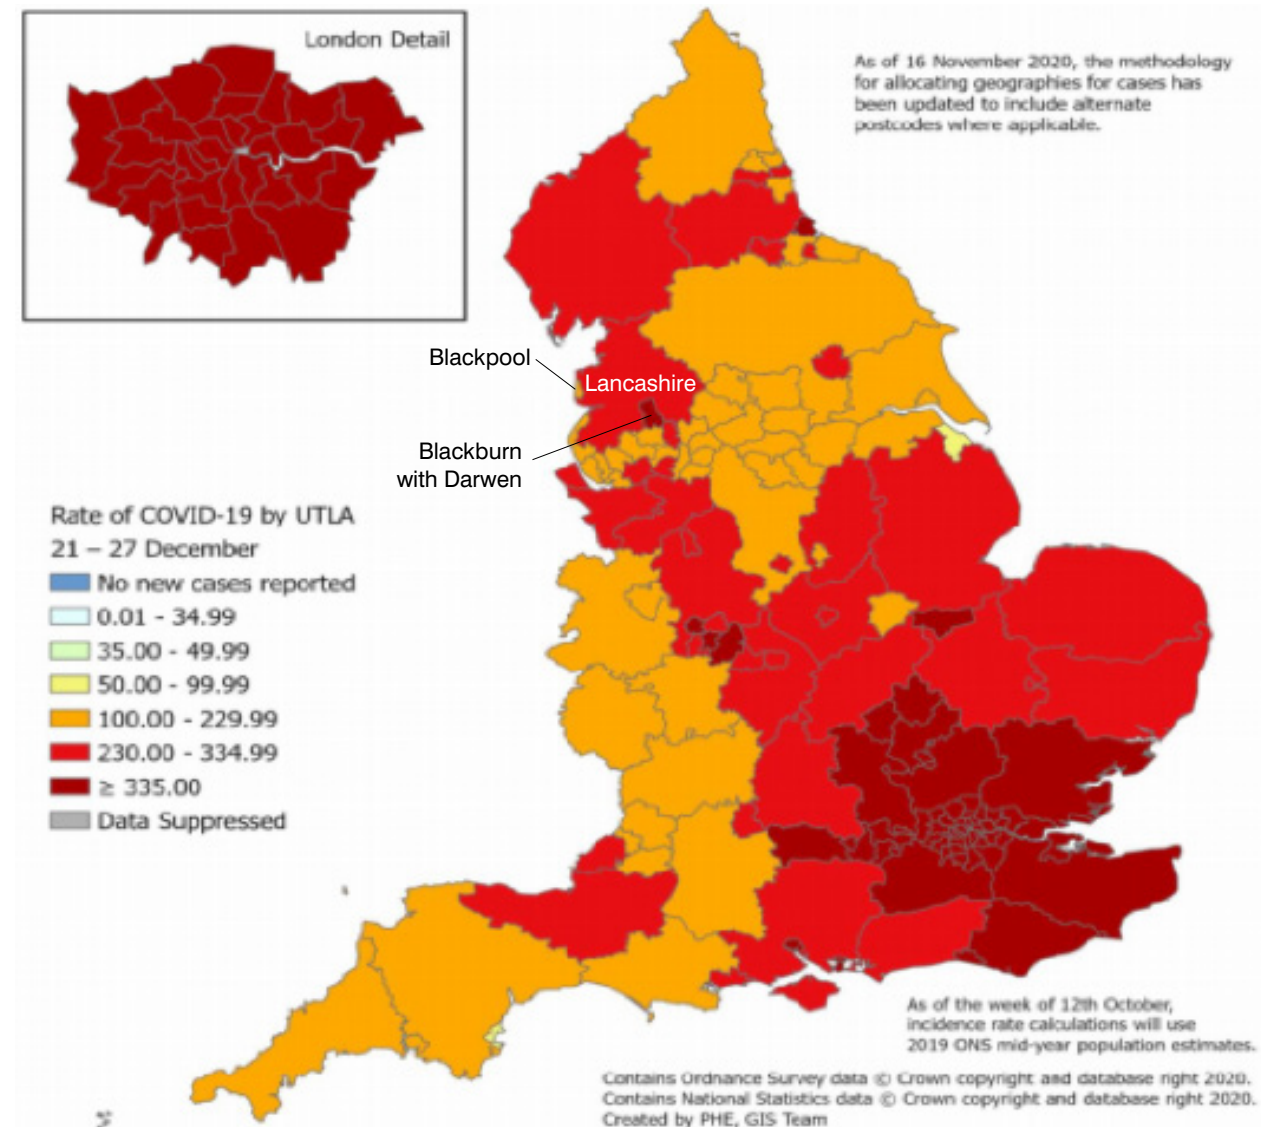

These figures are from tests carried out in Public Health England labs and in the NHS (Pillar 1) and from other testing routes, such as mobile labs (Pillar 2).

Weekly rate of Covid-19 cases per 100,000 population tested under pillar 1 and pillar 2 (Week 52 - data between 21 December and 29 December 2020).

For rate of cases detected via Pillar 1 & 2 testing:
Lancashire 14 in the main remains in the middle range category.

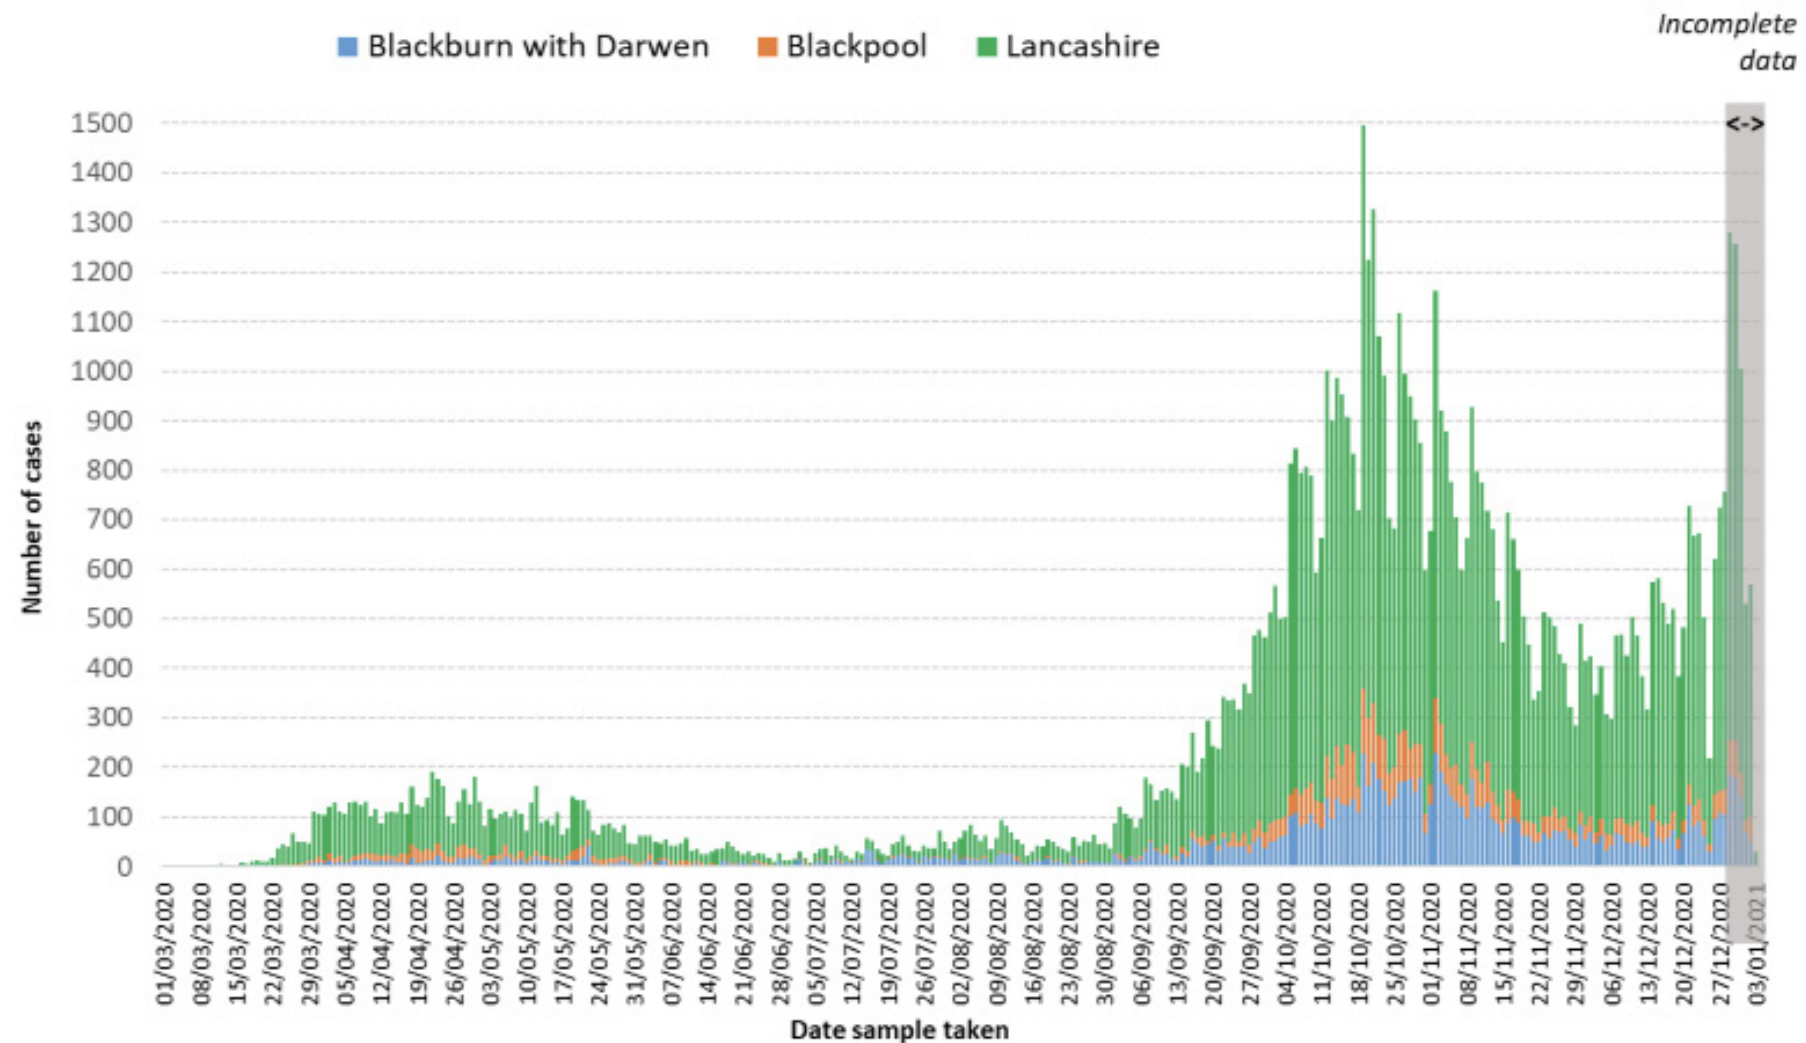

Pillar 1 = swab testing in PHE labs & NHS hospitals for those with a medical need and key workers & their families
Pillar 2 = testing by commercial partners - swab testing for the wider population from out in the community

Cumulative lab-confirmed cases up to 4 January 2021, rate per 100,000

Daily pillar 1 and pillar 2 lab-confirmed cases to 3 January

Positive tests are counted according to the date the sample was taken. However, most swabs taken in recent days will not yet have produced a result, so it is important not to jump to the conclusion that the epidemic is tailing off quicker than it really is. The PHE website cautions that only data from five days or more ago can be considered complete. The greyed-out columns in figure above are liable to be added to as more results come in.

Figures relating to confirmed cases by Upper Tier Local Authority can be downloaded from: <https://coronavirus.data.gov.uk>

Testing and incidence

Specimens taken/outbreaks reported between 24/12/20 - 30/12/20

Local Authority	Individuals Tested per 100,000 (7-Day Moving Average)			Percentage Tested Positive per 100,000 (7-Day Moving Average)			Daily Incidence per 100,000 (7-Day Moving Average)		
Blackburn with Darwen	361.3	349.8	↑	22.1	20.2	↑	511.0	452.9	↑↑
Blackpool	415.4	411.0	↑	9.5	8.8	↑	242.4	220.9	↑

Number of COVID-19 cases occupying hospital beds in Lancashire and South Cumbria

	10/11/2020	17/11/2020	24/11/2020	01/12/2020	08/12/2020	15/12/2020	22/12/2020	29/12/2020
Weekly admissions to hospital for COVID-19	94	150	166	143	145	136	156	174
Weekly inpatient diagnoses for COVID-19	281	366	344	253	265	302	309	213
Number of HOSPITALISED beds with COVID-19 patients on specified date	36	260	253	230	234	230	224	203
Number of beds (excluding HOSPITALISED) with COVID-19 patients on specified date	296	471	438	404	432	481	451	407

The hospital admission figures are of people who had a confirmed case of COVID-19 in the 14 days prior to admission.

The weekly inpatient diagnoses are patients who received a confirmed COVID diagnosis after being admitted to hospital.

The in hospital data used is a subset of the data that is published routinely by the NHS here: <https://www.england.nhs.uk/statistics/statistical-work-areas/covid-19-hospital-activity/>. It will not be made available at an organisation level.

Figures only include data for NHS Acute Trusts

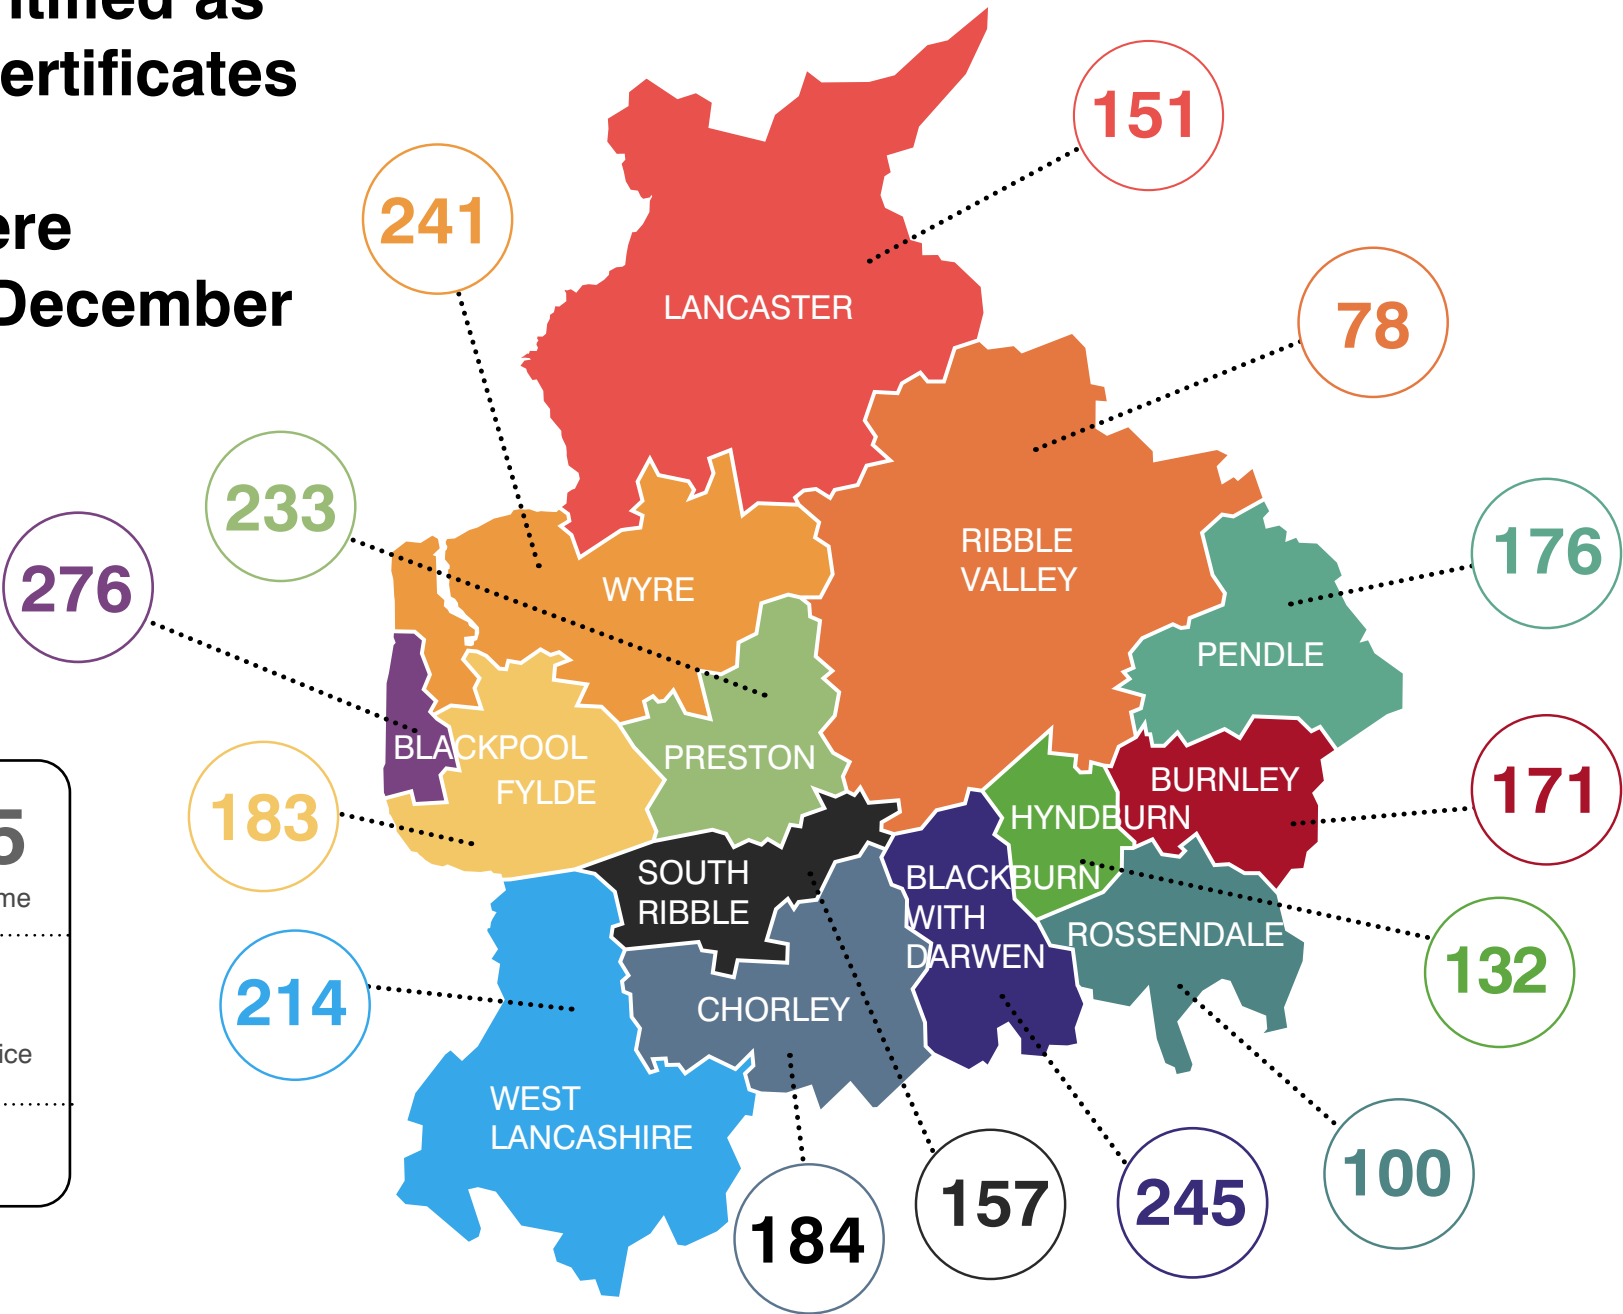

Missing submissions to the COVID-19 SitRep: East Lancashire (10-Nov), Lancashire & S Cumbria (25-Dec)

Count of deaths identified as Covid-19 on death certificates and occurred up to 18 December but were registered up to 26 December

LANCASHIRE

TOTAL 2,541

Source: Office for National Statistics (ONS)

Weekly deaths occurring up to 26 December, compared with the five-year weekly average

Covid-19 mortality rate, all persons

1 March to 31 July 2020, rate per 100,000

Local information

There is a wealth of local data is available from

<https://coronavirus.data.gov.uk>

By typing in your postcode you will get a local dashboard which shows a range of information including how many positive cases and deaths there have been, and how your local area compares to the England average.

You can also explore the interactive map for England.

Help share our messages!

Access our [range of resources](#) to share on social media to encourage Lancashire people to play their part to combat coronavirus.

Find out more about the [LancsTogether](#) campaign and what you can do to take part.

We are all working together in Lancashire to combat coronavirus.
