Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

Walking boots are recommended.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

The routes cross land used to graze sheep between points A-B.

3. Is the site remote and/or can it be seen from other occupied buildings/property/public land/roadside?

The site is not remote.

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

The site has good mobile coverage on all networks.

5. Are there any areas that require specialist equipment or training for access – any confined spaces?

No.

6. Are there any dangerous pieces of equipment or substances stored at the location?

None known of.

7. Is there any likelihood of exposure to chemicals, asbestos, radiation or are there any other risks, requiring the use of Personal Protection Equipment, which may affect the health & safety of the Inspector? (Asbestos is referred to directly as it was present in buildings built before it was banned in 1977).

None known of (but see note regarding access below).

8. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

To access the site it is possible to park on Banks Road/Ralph Wife's Lane at Grid Reference SD 3796 2086 (post code PR9 8JL) adjacent to point A.

Access along the route is prevented by barbed wire fencing at point A and point B.

It is also possible to park on Station Road at GR SD 3827 2033 (post code PR9 8DQ) to access the route from point I. It is possible to walk the route from point I to point C.
