Dear Laura ~~Giles~~ *SALES*

I am writing concerning the footbridge to be built at the back of my property.  
I am very concerned about my privacy and security. The bridge will have to be very high to go over the electric lines and will look straight into my kitchen and bedroom windows and down on to my garden. I spend most of my time at the rear of my property as I am retired. There have been many times in the past when children have been playing on the lines and told to get off and all you get is abuse from them.

Will the bridge and steps/ramps be fully boxed in? If there are ramps skate boarders will come from far and wide to play there.

In view of the above issues I am against the proposed location of the footbridge.

I was wondering why I was not notified personally in writing as I am in such close proximity to the proposed bridge.

Yours sincerely

John Riley

*P.S. WHY DO WE NEED A BRIDGE/CROSSING.*
