

Job Description GRADUATE ICT ENGINEER/DESIGNER

Service:	Digital Services	Team:	Various	
Location:	Preston		-	
Salary	£25, 481 to £29,577	Grade:		7
range:				
Reports to:	Senior or Principal ICT	Staff responsible for:		0
	Engineer/Designer			

Job Purpose

To provide professional technical ICT Engineer expertise. The role holder will, with the support of the Grade 9 Engineer/Designer:

- specify, design and deliver ICT solutions for our customers and/or
- provide operational ICT support and maintenance of ICT infrastructure and/or applications and services and/or
- assure ICT infrastructure and/or applications and services in terms of compliance, supportability and usability and/or
- gather requirements and map out business processes in order to continually align digital solutions to business needs in the council and/or
- manage the council's data in line with business processes and in line with security best practice

Scope of work

Role holders will use practical and procedural knowledge and analytical and judgmental skills to interpret information or situations and solve varied problems some of which may be difficult and require significant advance planning. Role holders may be expected to make decisions as to when and how duties are carried out and respond independently.

Accountabilities/Responsibilities

The role holder will with the support of the Grade 9 Engineer/Designer:

- Undertake design and analysis tasks
- Technical authorship and ownership of solution designs to meet client requirements aligned with the strategic direction of Digital Services
- Implement ICT technical solutions
- Undertake ICT problem diagnosis and resolution, 1st, 2nd and 3rd line; may also be required to provide full 24-hour on call emergency support.
- Seek advice and guidance from 'subject matter experts' in the industry on technical and operational issues as necessary.
- Technical support recovery activities following failure, including disaster recovery
- Monitoring performance and propose and implement performance enhancing changes.
- Helping to ensure that availability targets are met.
- Produce and maintain appropriate technical and operational documentation
- Ensure work is delivered on time and to an appropriate standard

County Council

- Ensure industry standards and LCC Digital standards & principles are adhered to during the course of your work
- Maintain professional standards including high standards of behaviour, performance, quality, credibility and integrity at all times.
- · Seek guidance from subject matter experts, in order to learn and develop skills
- Maintain an up-to-date knowledge of ICT technical area(s).
- Maintain an awareness of solution discipline/client sector trends and policies relating to ICT.
- · Assist senior colleagues to carry out their tasks

In addition to the skills knowledge and experience described above, you may be required to undertake a lower graded role as appropriate.

Other

• Equal Opportunities

We are committed to achieving equal opportunities in the way we deliver services to the community and in our employment arrangements. We expect all employees to understand and promote this policy in their work.

• Health and safety

All employees have a responsibility for their own health and safety and that of others when carrying out their duties and must help us to apply our general statement of health and safety policy.

Customer Focused

We put our customers' needs and expectations at the heart of all that we do. We expect our employees to have a full understanding of those needs and expectations so that we can provide high quality, appropriate services at all times.

Our Values

We expect all our employees to demonstrate and promote our values:

Supportive

We are supportive of our customers and colleagues, recognising their contributions and making the best of their strengths to enable our communities to flourish.

• Innovative

We deliver the best services we possibly can, always looking for creative ways to do things better, putting the customer at the heart of our thinking, and being ambitious and focused on how we can deliver the best services now and in the future.

Respectful

We treat colleagues, customers and partners with respect, listening to their views, empathising and valuing their diverse needs and perspectives, to be fair, open and honest in all that we do.

• Collaborative

We listen to, engage with, learn from and work with colleagues, partners and customers to help achieve the best outcomes for everyone.
