

New: Leading on Great Teaching

Great Teaching Team: Supporting School Leadership Teams to Review and Develop Teaching and Learning

Do you want to improve teaching and learning in your school?

The Great Teaching Team is here to help. Our **brand-new package of training will support school leadership teams in reviewing Great Teaching across their setting**, identifying strengths and areas for development, and accessing a package of Great Teaching courses **to enable whole school development in teaching and learning**.

What's included in the package?

Reflecting on Classroom Practice

- A full day's course which leads colleagues through the **Reflecting on Classroom Practice Audit Tool**, highlighting key messages for consideration and allowing the Headteacher, and a Teaching and Learning Lead, to audit current practice in their school.
- From this, the school will identify the equivalent of **three further full day courses** to attend (again, the Headteacher and Teaching and Learning Lead will have two places for the price of one).

Following each course attended, the school will receive a bespoke training package which the Headteacher and Teaching and Learning Lead can then deliver back in school. Choose from the following courses:

- Culture for Learning
- Explicit Teaching and Modelling
- Engaging Pupils in Learning
- Diagnostic and Prior Assessment
- Questioning to Deepen Learning
- Behaviour for Learning
- Metacognition
- Independent and Resilient Learners
- Supporting Children Falling Behind Age-related Expectations
- Memory - Making Learning Stick
- Managing Cognitive Load
- Scaffolding for Success
- Feedback
- Responsive and Adaptive Teaching

Cost Per
School
£950

With our training package, you'll have access to prepared training resources which can be delivered back in school, relevant to the courses attended as a result of the audit.

"The best available evidence indicates that great teaching is the most important lever schools have to improve pupil attainment. Ensuring every teacher is supported in delivering high-quality teaching is essential to achieving the best outcomes for all pupils, particularly the most disadvantaged among them." (EEF - High Quality Teaching -Maximising Learning)

Don't miss this opportunity to develop and improve teaching and learning in your school. Book now and get two places for the price of one!
