Statement of Reasons

The purpose of this modification is to introduce a 2 hour tariff to the Preston City Centre Pay and Display following objections and feedback in relation to the formal consultation to introduce Sunday charges.

This proposal will facilitate short stay parking provisions for visitors to the city centre and a sufficient time period for people to practice their religion at the number of places of worship around the city centre whilst not impeding on the long stay parking provisions provided by the city centre car parks.

This modification is also to reduce the proposed Pay and Display parking bays on Guildhall Street and Cross Street following feedback from a local resident/business relating to access/egress to private off-street parking areas. These modifications will allow sufficient manoeuvring space for vehicles to gain access to and from the parking area.
