

Statement of Reasons – Modification

AV1 Permit Zone

The purpose of this modification is to amend the advertised eligibility due to an administrative error in the original proposals.

The modification will have the following effect :

Remove No.12 Bairstow Street as a single dwelling and reintroduce to include flats 1-6.

AV2 Permit Zone

The purpose of this modification is to amend the advertised eligibility due to an administrative error in the original proposal.

The modification will have the following effect :

Remove Guildford Street from the AV2 eligibility and reintroduce as Guildford Road.

AV3 Permit Zone

The purpose of this modification is to amend the advertised description of the Permit Holders Only Bay on the north-east side of the south section of East Cliff Road due to an administrative error on the original proposal.

BG1 Permit Zone

BG1A

The purpose of this modification is to amend the proposed BG1 Permit Holder Only area on Lauderdale Street, Grafton Street and Hind Street to include BG1 Permit Holders or Limited Waiting 1 Hour No Return within 1 Hour.

This proposal will facilitate parking for customers to the local shop along with short term parking for visitors to the residents of the area.

BG1B

The purpose of this modification is to remove the proposed Mixed BG1 Permit Holder Only and Limited Waiting Bay parking bay on the north side of South Meadow Lane following feedback in relation to the formal consultation with regards to concerns that the carriageway on South Meadow Lane at this location does not support parking on both sides.

This proposal will maintain the proposed Prohibition of Waiting at the access/egress to the car park along with the proposed BG1 Permit Holder Only Bay outside the residential properties, whilst allowing sufficient carriageway width for larger vehicles to pass.

SP1 Permit Zone

Having considered the consultation responses, it is now proposed to defer the introduction of the consulted proposals to allow for a further review of the area with the intention of mitigating the concerns raised.

This proposals will remove any proposed changes to the restrictions on site, whilst still defining exact residential address points with regards to the eligibility for permits in the aim to address the increasing pressure on available permit spaces and avoid resident permit scheme from being further overwhelmed.

WC1 Permit Zone

The purpose of this modification is to amend the advertised eligibility in the original proposal.

The modification will have the following effect :

Remove 68-Parkinson House as a residential property from the WC1 eligibility as confirmation has been received that the property is commercial.

Pay and Display Provisions

The purpose of this modification is to amend the advertised description of the Pay and display Bay on the East side of Guildhall Street and the western bay on the south side of Cross Street following feedback from a local resident/business relating to access/egress to private off-street parking areas.

These modifications will allow sufficient manoeuvring space for vehicles to gain access to and from the parking area.

Pay and Display Tariffs

The purpose of this modification is to introduce a 2 Hour Tariff to the Preston City Centre Pay and Display following objections and feedback in relation to the formal consultation to introduce Sunday charges.

This proposal will facilitate short stay parking provisions for visitors to the city centre and a sufficient time period for people to practice their religion at the number of places of worship around the city centre whist not impeding on the long stay parking provisions provided by the city centre car parks.
