PSHE Service Level Agreement:

A service level agreement is available to offer bespoke consultant support for PSHE and personal development in schools.

PSHE is a subject that not only has to meet and cover the statutory requirements but also requires a curriculum design which is bespoke to the individual needs of school.

Curriculum design for PSHE needs to consider the local area; identified needs from health data; the values and ethos of school and much more.

For full course descriptions and/or to book online please visit our website

Recording of PSHE needs to be able to capture evidence of a broad and balanced topic coverage but be able to demonstrate learning.

Assessment of PSHE needs to demonstrate the learning that has taken place and reflect how the learning is preparing pupils for their lives in Modern Britain.

PSHE underpins much of the teaching and learning in other subjects as well as feeding into the wider personal development programme provided by schools.

An SLA allows individual school support to identify strengths in PSHE and personal development, and action plan how to take the school forward effectively in line with the statutory requirements for RSE and Health Education.

What the Service Level Agreement includes for schools:

- Up to half a day consultancy visit with PSHE leads, personal development leads or curriculum leads.
- A paid-for-place per school for 3x termly network meetings held across the county or online.
- *NEW* A termly newsletter for SLA schools which focuses on local updates, signposting, case studies, good practice and more!
- Inclusion on a mailing list for sharing new resources, events and key messages.
- Ongoing email and telephone support for schools to answer queries.
- Access to various documents, policy templates, sample lesson plans etc.
- Online booking system for visits to make it easier to find a time that suits school.

Cost £450 per year (running on the fiscal calendar)

PSHE Service Level Agreement:

A service level agreement is available to offer bespoke consultant support for PSHE and personal development in schools.

PSHE is a subject that not only has to meet and cover the statutory requirements but also requires a curriculum design which is bespoke to the individual needs of school.

Curriculum design for PSHE needs to consider the local area; identified needs from health data; the values and ethos of school and much more.

Recording of PSHE needs to be able to capture evidence of a broad and balanced topic coverage but be able to demonstrate learning.

Assessment of PSHE needs to demonstrate the learning that has taken place and reflect how the learning is preparing pupils for their lives in Modern Britain.

PSHE underpins much of the teaching and learning in other subjects as well as feeding into the wider personal development programme provided by schools.

An SLA allows individual school support to identify strengths in PSHE and personal development, and action plan how to take the school forward effectively in line with the statutory requirements for RSE and Health Education.

What the Service Level Agreement includes for schools:

- Up to half a day consultancy visit with PSHE leads, personal development leads or curriculum leads.
- A paid-for-place per school for 3x termly network meetings held across the county or online.
- *NEW* A termly newsletter for SLA schools which focuses on local updates, signposting, case studies, good practice and more!
- Inclusion on a mailing list for sharing new resources, events and key messages.
- Ongoing email and telephone support for schools to answer queries.
- Access to various documents, policy templates, sample lesson plans etc.
- Online booking system for visits to make it easier to find a time that suits school.

Early Career Teachers

Lancashire County Council continues to offer ECT Appropriate Body Services to ECTs completing their second year of induction. We work with a wide range of Nursery, Primary, Secondary, Special, FE and Sixth Form Colleges and Academies in both the maintained and independent sector across the North West of England. We work with approximately 400 ECTs who chose Lancashire as their Appropriate Body to support them through induction.

From September 2024, teaching school hubs will become the main provider of appropriate body services. As a local authority, we will withdraw from the appropriate body role. From January 2023, we no longer allowed new registrations for early career teachers. From September 2024, we will stop operating as an appropriate body.

Schools will need to make sure that they register all new early career teachers with a teaching school hub appropriate body.

For those completing their induction with Lancashire, our service includes:

Online systems for ECT registration and submission of Progress Reviews and Assessments	Induction tutor & Senior Leader/Headteacher support	ECT, mentor and induction tutor access to a named contact for support throughout induction
Use of the LCC Assessment Framework as a manageable system for collating evidence of meeting the Teachers' Standards	ECT registration with the Teacher Regulation Agency and reporting outcomes	Liaison with Professional Associations where required
ECT professional development opportunities and additional support for ECTs not meeting Teachers' Standards	LCC Handbook for schools with statutory induction guidance and exemplars for documentation	ECF fidelity checks for schools choosing a CIP or SIP pathway through the Early Career Framework

ECT Professional Development

All ECTs already registered with Lancashire County Council as their Appropriate Body, can access the following courses for no additional charge:

- Termly ECT Network Meetings
- Wellbeing & Resilience training courses
- Formative Assessment courses for Primary ECTs
- English & Maths planning courses for Primary ECTs
- SEND training courses
- Literacy, vocabulary & oracy courses for Secondary ECTs

For full course descriptions and/or to book online please visit our website

ECT Support Package

For ECTs who are struggling to meet the Teachers' Standards, LCC provides the following support:

- Up to six half-day bespoke sessions of one-to-one support for the ECT
- Guidance with behaviour management through a supportive observation and follow up visit from a teaching and learning consultant
- Primary: Courses on Planning Units of Work in English and Maths
- Secondary: Bespoke courses on any aspect of T&L with practical strategies for the classroom

All ECTs, regardless of the Appropriate Body they use, can access the comprehensive range of consultancies, courses and conferences provided by LPDS. These cover the full range of curriculum, teaching and learning, and leadership needs.
