

Towneley Park, Burnley

Walk down one of the many paths that lead around Towneley woods.

What can you see? Comment about the shadows on the ground. I wonder what shadow shape we could make? Will it be big or small?

Stand still and listen, what can you hear? I wonder if you can hear the leaves rustling in the breeze or is it the sound of a squirrel running up a tree?

Go and search for the ancient oak tree. Comment about what you see, listen to what they say.

I wonder how old the tree may be? 2 years, 10 years, 100 years old?

I wonder if there are any animals living in the tree? Maybe a squirrel, an owl or a fox! Do you think they might live in the tree trunk or the branches?
