

Issue #63 - November 2023

Welcome to all our new subscribers and current users.

Please find below details of the latest platform updates, new features and further support

Platform Updates

We continue to update the platform to provide new features and content.

The APP is on version 8.4.0 and this needs to be used for maximum benefit. You can find out your version by selecting My Account in the left hand menu and scrolling to the bottom.

The WEB is on version 3.12.1. This should update automatically when logging in through our website. You will see the version you are using in the bottom left hand corner of the log in page.

APP Version 8.4.0 contains a comprehensive update to the evidence section and further details are below.

WEB Version 3.12.1 contains an updated reporting section, further enhancements to the evidence archive and a new tagging system.

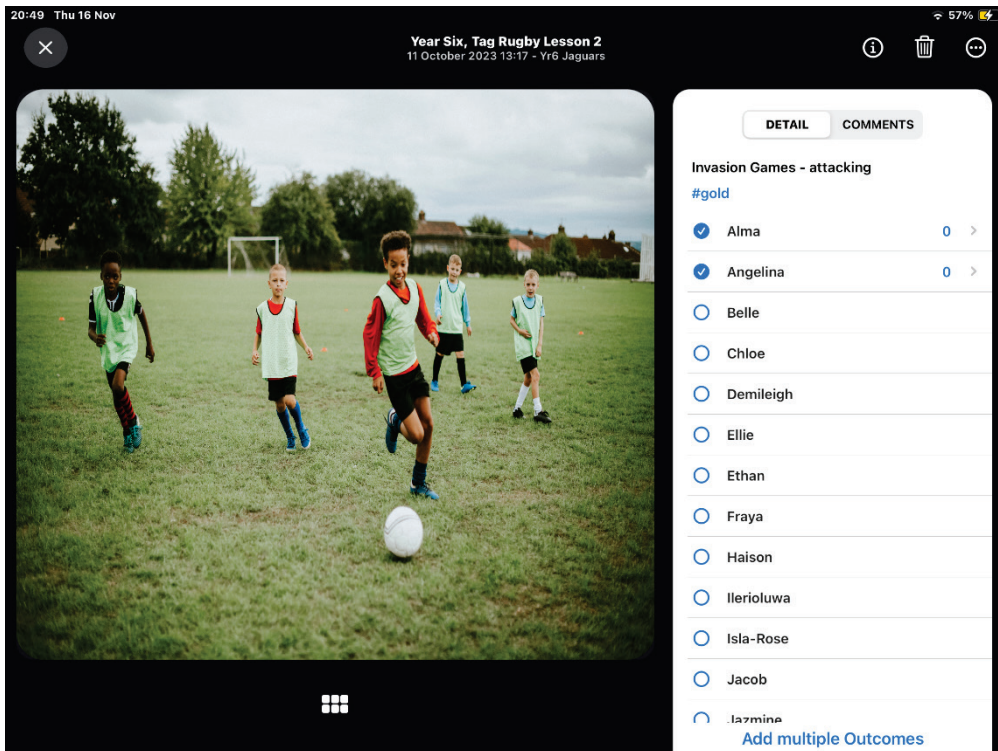

APP Version 8.4.0

APP version 8.4.0 is now live in the APPLE APP store.

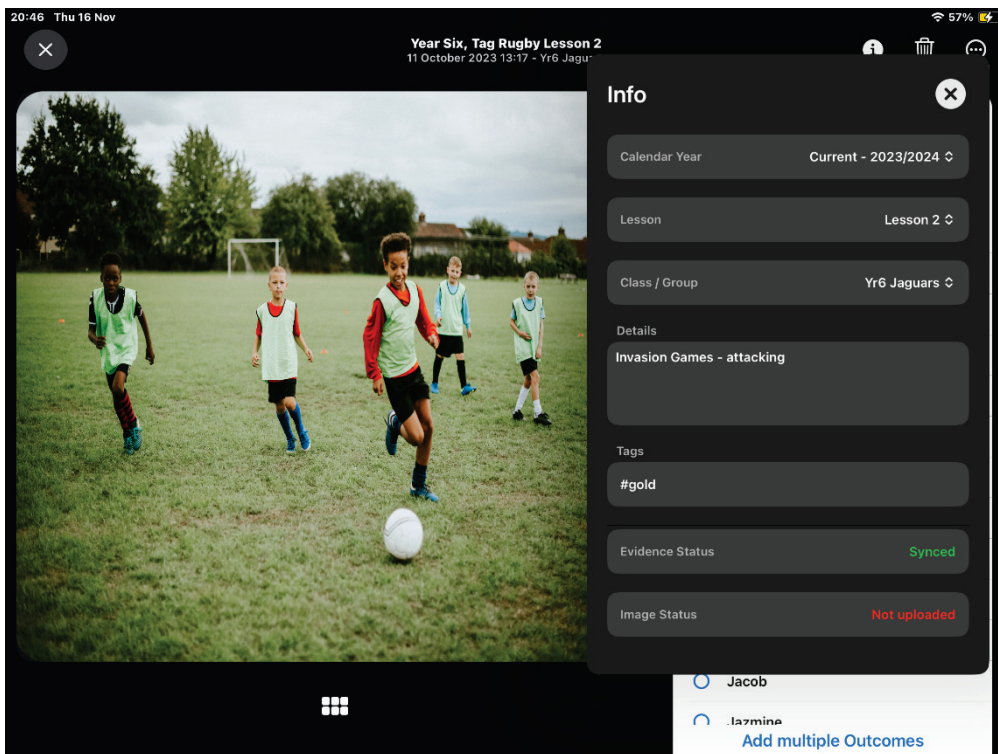

APPLE have recently updated their iOS and as a consequence some users were experiencing issues when accessing and taking evidence. Depending on the iOS you are / were using, when accessing the evidence - it was duplicating images or shutting down.

In the new version this bug is now fixed along with some enhancements below.

When selecting evidence - you can tag in multiple pupils and outcomes.

Using the i information button you can access and add additional information.

Calendar Year / Lesson / Class

You can amend the year, lesson and year group the evidence is for.

Details

You can add comments and additional details in this section.

Tags

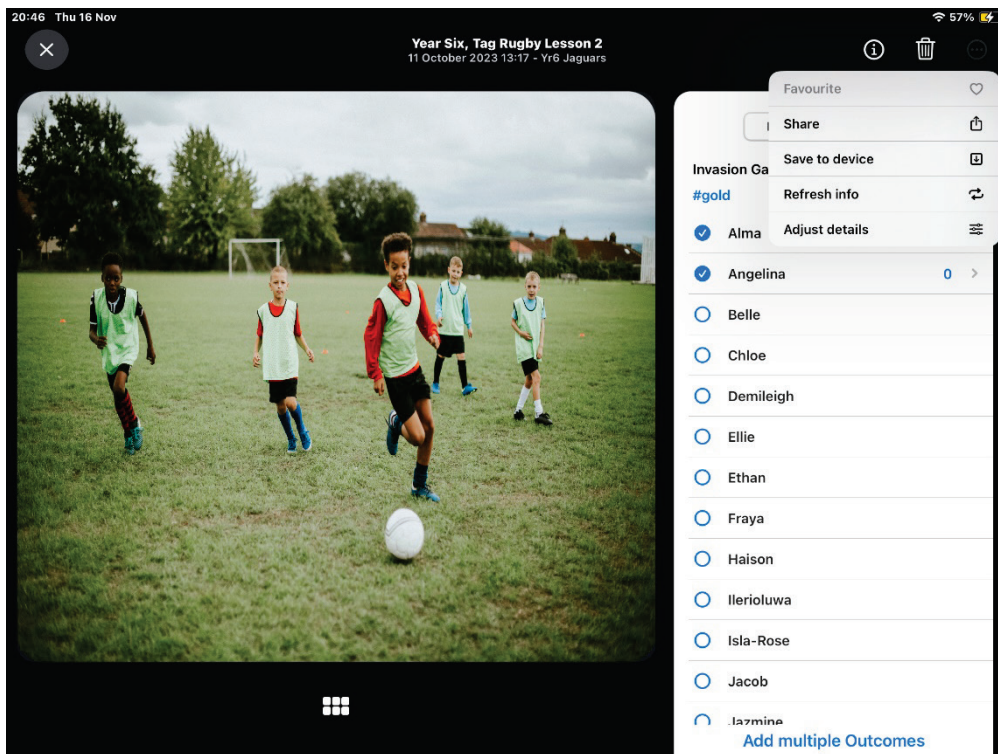

You can create searchable tags for any evidence and this explained further below.

Evidence status / Image status

Indicates where the evidence has synced to your account and if so is it fully visible (or still in progress).

Finally using the 3 dots in the top corner you can now

Share the evidence via email etc or save to your camera roll.

Tagging System

You can now make Pupils and Evidence searchable using #tags in these areas.

This is particularly useful in searching for #GOLD (if that is what is used as a TAG) standard pupils or any evidence you wish to use displaying this.

For pupils - you simply need to access their data on the WEB platform.

Left hand menu, pupils and then view the individual. There is then a section called TAGS - any TAG can be entered by using the # and then publish changes.

This TAG will then be searchable in the reporting, evidence archive and pupil timelines sections.

For evidence - as displayed above there is now a section where you can input the TAG within the picture / video and again this will be searchable in the evidence archive.

Pre-set TAGS of #sen #ofsted have already been created but any additional words can be used or added.

WhatsApp Broadcast Channel - Sign up and WIN!!!

In order to increase our lines of communication with our schools and teachers we have set up a WhatsApp Broadcast channel.

In this we will publish news, updates and general information.

This is a broadcast only channel. You won't be able to communicate with us at the PE Passport through this nor will we be contacting you directly this way either.

It will just be for relevant announcements and news and is in addition to our newsletters and emails.

Follow the PE Passport Subscribers channel on WhatsApp:

<https://whatsapp.com/channel/0029VaDNhttBVJI9ySoKvZ43>

For all teachers signing up before the end of this term, you will be entered into our prize draw to win the ABall 1 Resource Set below.

Virtual support

If you would like to book a virtual support session free of charge, we are always available to provide technical and practical support with the PE Passport.

To book a personal a session for yourself as PE Lead / SLT or for your staff as a whole please use the link below to access our team's calendar and book yourself a convenient slot.

Virtual Support Session

Newsletter Sign Up

If you have any colleagues you would like to receive our newsletters please use the sign up section below to add them to our mailing list.

As always if you have any urgent questions or require support please call us on 0800 002 5193 or email support@primarypepassport.co.uk
