

Gable End of 7 Victoria Road, Earby – Prohibition of Driving
Statement of Reasons

The purpose of this proposed Order is to provide a legally enforceable Prohibition of Driving restriction for the section of Albert Street which has been closed off to vehicular traffic. This follows the development of the Earby Phase II scheme carried out by the Environment Agency for flood alleviation, which has reduced the carriageway width on this section of road and is no longer suitable for vehicular traffic.

This proposal further revokes the historic one-way restriction which is no longer required or signed on site.

REASONS UNDER Section 1 of the RTRA

- (c) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or
- (d) for preventing the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property, or
