

Translating Care

With Lancashire Adult Learning

Debs Ormandy - Health and Social Care Curriculum Leader

Nicola Scott - Adult Partnership and Engagement Officer

**Lancashire
Adult Learning**

Overview

The aim of the Translating Care programme:

To support international workers transition to employment in the UK

- To develop confidence and self esteem
- To ensure international workers feel valued within the UK Care sector
- Gain better understanding of the expectations within the care sector based around British Values
- Gain accredited qualifications including:
 - Level 1 Awareness of Protection and Safeguarding in Children's Services and Adult Social Care Settings
 - Level 1 Prejudice and Discrimination

Making it work

- All learners need to have literacy skills at Entry 3 or above
- Learners need to be able to attend all sessions
- The employer provided supporting materials including their own Equality and Diversity, and Safeguarding Policies/Procedures
- Local training venue to organisation – in house training room would be ideal.

"It provided staff with the underpinning knowledge they needed to understand English traditions, values, and culture"

"It provided staff with confidence, empowerment, and a welcome inclusion to our workforce."

"It gave staff an insight and complimented their understanding and knowledge, ensuring they were fully equipped/upskilled to complete their roles."

Feedback

Just short of 50 learners have completed the programme successfully so far. Learners from Care groups from across Lancashire from Nelson to Lytham to Lancaster!
