

New Street and Preston Street, Carnforth
Limited Waiting Bays

STATEMENT OF REASONS

The Town Council and Chamber of Commerce have noted that there is low uptake of the EV charging bays on New Street and Preston Street in Carnforth which has a detrimental impact on short stay parking for access to the shops on the main street.

The council has determined that a suitable approach would be to retain the charging points but change these bays to also allow access for all vehicles not just electric vehicles for short periods. There are specific provisions for Electric Vehicles only retained in the more accessible and frequently used bays on Market Street.

REASONS UNDER Section 1 of the RTRA

- (c) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians)
- (f) for preserving or improving the amenities of the area through which the road runs
