Secondary

English and Literacy

**Katy
McWean**

Prior to taking on the role of Lancashire Secondary Consultant for English and Literacy, Katy worked as a English teacher for nearly twenty-three years in a large successful English department in a 11-18 school, working as Head of English for twelve of those years and a variety of significant leadership roles prior to this. Katy is vehemently passionate about her subject, and prides herself on her excellent working relationships based on trust and mutual respect.

As a highly experienced English practitioner, Katy's consultant role primarily involves providing bespoke support for English departments according to need, running English training courses and hosting termly English subject leader meetings. Katy is particularly proud that feedback from such sessions is consistently excellent. Typical delegate comments from recent courses include: 'Fantastic ...I have taken so much from it.', 'really useful and thought provoking' course, and 'I really enjoyed the session'.

Outside of work, when not watching her beloved Liverpool Football Club, Katy loves nothing better than curling up with a good book; however, if you were to ask her what is her favourite, she would not be able to tell you – she has far too many!

Mathematics

**Kate
Griffiths**

Kate began her teaching career in 2009 at an 11–18 secondary school in St Helens. She later moved into the FE sector at a high-performing Lancashire college, where she taught A level and GCSE maths, leading the GCSE resit course, and becoming a specialist in this area.

During this time, Kate became a Specialist Leader of Education (SLE), an accredited professional development lead, and completed a master's in teaching and learning. She played a key role in the Centres for Excellence in Maths (CfEM) project from 2018 to 2023, focusing on mastery, contextualisation, and research into mindset, motivation, and maths anxiety. Alongside this, she provided meaningful support to colleagues and students in colleges across the northwest.

In 2023, Kate joined the secondary consultant team, where she has embraced the opportunity to work closely with schools and maths departments across Lancashire. This transition has allowed her to contribute directly to the development of teaching and learning in secondary mathematics. She is committed to sharing her expertise, supporting teachers, and driving positive change in maths education across the region and beyond.

PSHE

**Jen
Macdonald**

Jen Macdonald is an experienced PSHE Consultant with a strong background in both primary and secondary education. After earning a BEd (Hons) in Teaching with a specialism in Special Educational Needs from St Martin's College, Lancaster. Jen taught in schools in Blackpool, leading subjects including Maths, Music, RE, Geography, and PSHE, and serving as Assistant SENDCo before making the move to join Lancashire County Council and LPDS.

A passionate advocate for PSHE, Jen has led curriculum development and supported whole-school improvement through roles in a multi-academy trust and with initial teacher training providers. She holds NPQML, NPQSL, and CPD in Instructional Coaching, equipping her to lead change and support colleagues effectively.

Now, as part of the LPDS team, Jen supports schools across Lancashire and beyond. She worked alongside colleagues across the authority to develop the Lancashire Learning 4 Life Award, helping schools celebrate and strengthen their PSHE and personal development provision. Her work spans all age groups and is grounded in inclusive, research-informed practice.

Science

**Andy
Pearson**

Andy is our secondary science and learning and teaching consultant, having been appointed to the role in September 2018. Andy has significant classroom experience, having taught Biology, Chemistry and Physics for 23 years in a Lancashire secondary school. Andy has also been an advanced skills teacher working within and across county by supporting colleagues in science departments at all levels.

Having also been Lead Practitioner for Learning and Teaching for a number of years, Andy has developed a wide ranging expertise in learning and teaching strategies, both pedagogical and subject specific. Andy uses this expertise to support individual teachers, small teams of teachers and whole school staff professional development.

Andy is a proud Preston North End football fan and an even prouder husband to Julie and father to Jessica and Ellie.
