

Bus Stop Improvements Plan, Holme Slack, Preston

STATEMENT OF REASONS

- No Waiting at Any Time:

The purpose of these proposals is to discourage inappropriate parking of vehicles that would impede bus access and egress. It also ensures effective enforcement can be taken where required. These proposals compliment the proposed bus stop clearway.

- No Stopping at Bus Stop Clearway:

The clearway is essential for bus operations, ensuring buses can stop safely and turn around without obstruction and allow passengers to board at the designated position. To maintain smooth bus movements, parking is not permitted at any time and will allow easy entry and exit of buses.

REASONS UNDER Section 1 of the RTRA

- (c) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or
- (f) for preserving or improving the amenities of the area through which the road runs, or
