

LANCASTER

- **Brock Street, Lancaster**

EXISTING

Drawing No. P25-26(02)DW-LA1

The Lancaster City council licencing department have notified us of an anomaly in the timescales relating to this taxi bay and after informal consultations were carried out with the businesses directly in the vicinity and we received no objections it was proposed to extend the times of the Taxis Stand.

The purpose of the proposal is to provide more consistency of the parking restrictions within this bay and for facilitating space for a greater amount of time for taxi use only, in the town centre. This will now directly follow the Loading Only element of the bay, leaving no timeframe between the operation of both orders in the evening time, meaning this bay will only operate without a traffic regulation order from 6am-8am (2 hours).

REASONS UNDER Section 1 of the RTRA

- (a) for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or
- (b) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians).
