

Statement of Reasons

Road Hump removal and Junction Table introduction

Lea Road Preston

The proposals are being pursued as part of a Section 278 agreement under the Highways Act 1980. These proposals are being funded fully by the developer and are linked to the new adjacent housing development and associated planning conditions.

Due to the location of the new site access, it is proposed to remove the existing speed cushions on Lea Road and introduce a new junction table at the access point.

The junction table will highlight the new site access; self-police the speed limit along Lea Road in the interest of highway safety for all users and help mitigate against the impact of increased traffic resulting from the new development.
