I am speaking on behalf of

Carol Hawarden. - Her words are

Lancaster Road, Preaton.

The proposed quarry will be directly behind my property, and phase A (the processing plant) to the right of this.

I have suffered from COPD for many years & have now been diagnosed as having emphysema which is the most extreme form on the COPD spectrum.

//
Any decrease in air quality (which I have no doubt this quarry would bring about)

Would drastically impact on my quality of life, and indeed on my life expectancy. Dust and noise would be the main factors in this.

// The applicants HAVE NOT DONE ^{any detailed} ~~in~~ health impact study ~~INSTRUCTED~~ by ~~LCE~~ with regards ~~to~~ [↓] ~~select~~ ~~data~~ ~~impacts~~ ^{on local residents} ~~and~~ ^{on local} ~~residents~~ ^{residents}. NOBODY has

contacted me to discuss how this proposed development would affect my health!

THEY HAVE NOT BOTHERED

THEY DO NOT CARE !

// In addition to the INEVITABLE IMPACT on my physical health, I have now suffered a great deal of stress & worry with ~~my~~ respect to my small business - namely

③

This is a VITAL SUPPLEMENT to my meagre pension which facilitates me running my car without which I would be housebound!

I ask the Committee to reject this application on the grounds of endangering my already fragile health, and for the likely negative effect on my business.

Thank you.
