

**Blackburn Road, Burnley Road and Market Street Edenfield
Parking Restrictions**

Statement of Reasons

No Waiting at Any Time:

The purpose of this proposal is to extend current No Waiting at Any Time restrictions and introduce new prohibition of waiting restrictions to prevent obstructive parking behaviour, especially around the site of the proposed pedestrian crossing.

The proposals will allow for the safe access and egress to the new residential development along Market Street and help to maintain visibility along this road ensuring the safe movement of traffic and pedestrians.

School Keep Clear markings:

It is proposed to relocate the existing school keep clear markings on Market Street Edenfield slightly further northwards. The purpose of this is to facilitate the construction of the Puffin Crossing at this location which will help to provide safer road crossing facilities for pedestrians between the proposed development and the primary school on the eastern side of Market Street.

These proposals are being pursued as part of a s278 Agreement under the Highways Act 1980 as part of a new residential development.

REASONS UNDER Section 1 of the RTRA

(c) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or

(f) for preserving or improving the amenities of the area through which the road runs.
