

## STATEMENT OF REASONS

### DICCONSON TERRACE AND HENRY STREET, LYTHAM ST ANNES

#### MODIFICATION

Having considered the responses and feedback following the formal consultation, it is intended to make a modification to the proposed parking restrictions on Dicconson Terrace and Henry Street, Lytham St Annes.

The proposals will ensure that the Traffic Regulation Order matches the existing road markings already historically in situ and to improve the consistency and clarity of signage within the area to better manage parking demand.

Following a request for Sunday restrictions, we propose the following modification to retain the only existing Sunday restriction:

- 5-11 Henry Street Bay: Limited waiting, 8am-6pm, 1 hour no return within 1 hour

All remaining restrictions would remain unaltered, continuing to apply limited waiting Monday to Saturday only.

#### **REASONS UNDER Section 1 of the RTRA**

(f) for preserving or improving the amenities of the area through which the road runs.
