There are large potholes with very uneven ground conditions which make walking up or down this track very difficult in both summer and more especially winter months. The boundary walls to the land in question do not appear to have been maintained and access has never been stopped, even when the hospital was open and this has been closed for sometime now.</p>

I am/am not willing to attend a hearing, public inquiry or court to give evidence on this matter, if this should prove to be necessary.

I was told at the auction at which the land was acquired in 1996, by the purchaser (then: director John Ashworth father of the current director Stephen Ashworth) that the land would always be free for use by residents and the public and as access to the surrounding countryside.

The owners have been fully aware of the use of this foot path by members of the public at all times.

The owners have allowed free unencumbered access without challenge. At no time in the last 19 years has there been any attempt (until now) to block up or otherwise restrict the use of this footpath.

If so:

(a) During which years? 1993 to June 18th 2013

(b) Where were you going to and from?

(c) For what purpose? Dog walking.

(d) How many times a year? 550 plus /per annum.

(e) Have you used the way by other means? **No.** During which years?

Please fill in all that apply

On horseback

On motorcycle/in vehicle

3. Has the way always run over the same route? If not, give details and dates of any changes. Mark any changes or variations on the attached plan

The route remains unchanged although access has become more accessible due to the dis-repair of the wall on Union Road. The path has always been accessible though.

4a. Have there, to your knowledge, been any stiles, gates or fences across the way? If so, state where the stiles, gates or fences stood and mark their locations on the attached plan. **None.**

4b. Were any of the gates locked? If so, state when and where they were, and mark them on the attached plan. **No gates.**

4c. Did any of the stiles, gates or fences prevent you from using the way on foot? If so, when? **Not applicable.**

5a. Have you worked for any landowner over which the route passes? If so, give dates of employment and name of employer. **Not applicable.**

5b. Have you been a tenant of any land over which the routes passes? If so, give dates of tenancy and mark land rented on attached plan. **Not applicable.**

6. If you have answered yes to 5a or 5b did you ever receive any instructions from the landowner as to the use of the way by the public? If so, what were they? **Not applicable.**

7. a) Have you ever been stopped or turned back when using this way on foot?

Never.

b) Do you know or have you heard of anyone else having been stopped or turned back when using the way on foot? If so, state when the interruption took place and give particulars.

No, I know all the regular walkers in that particular area & have never heard of any access issues.

8. Were you ever told by any owner or tenant of the land crossed by the way, or by anyone in their employment, that the way was not a public right of way on foot? If so, state when and give particulars and dates.

No, never.

9. Have you ever seen notices such as 'Private', 'No Road', 'No Thoroughfare' or 'Trespassers will be Prosecuted' on or near the way? If so, what did the notices say? Mark the location of the notices on the attached plan. ✓

Large & unsightly notices were erected on 18th June. To add insult to injury to the local residents the numerous, large & ugly signs would be more at home on a large building site. They read "Private Land, No Trespassing, please use the designated footpath to the perimeter of this site"

10. Have you ever asked permission to use the way? If so, who did you ask?

No. I didn't even know who owned the land until the recent access issues.

11. Please give any other information that you think is relevant. Use a separate sheet if necessary.

The bridleway (continuation of Union Road) is an unsafe track. I personally have fallen on this path several times when walking down it from Haslingden Old Road. Vehicles attempt to use it, causing worse erosion. It is icy in the winter due to running, freezing water from springs. Loose gravel is a serious issue. In the 20 years+ that I have used the footpath across the field I have never known of any issues regarding abuse of the site i.e. litter, dog excrement, camping, fires etc...

I hereby certify that, to the best of my knowledge and belief, the facts that I have stated are true.

I am/am not willing to attend a hearing, public inquiry or court to give evidence on this matter, if this should prove to be necessary.

Our local community has been walking across this field for over 20 years with no complaints from anyone. Everyone, we are sure, have treated the countryside with respect, not leaving litter or causing damage. Children have played happily, people have walked dogs and enjoyed the exercise.
