

Blackburn Road, Higher Wheelton

Bus stop clearway modification

Statement of Reasons

Bus stop clearway relocation.

The purpose of the proposal is to upgrade the existing bus stop to a quality bus stop clearway. This is to allow the buses to pull in and out safely and allow effective enforcement. A raised boarding platform will also be installed to ensure safe boarding and alighting of passengers.

Having considered objections and feedback from residents on Blackburn Road, Higher Wheelton, it is proposed to amend the original proposal. This adjustment is needed so we can move the bus stop clearway further southwest by 13.3 meters of its location so we can preserve resident parking in the vicinity and not obstruct farmers access the field. Also as part of the proposal, we have reduced the bus stop clearway down to minimum of 19 meters as the original proposal consist of 27 meters bus stop clearway this will help prevent parking losses in the vicinity.
