

Statement of Reasons Accrington Road Whalley 50mph Speed Limit Order

The purpose of this proposal is to introduce a 50mph speed limit that is required for the general road safety for all highway users to facilitate development works and a new site access. The subsequent removal of the derestricted speed limit is required to reduce the speed of vehicles approaching and navigating the new junction as well as providing additional protection for all road users and pedestrians. As a result of this the current 30mph by virtue of street lighting will be extended.

The proposals are being pursued as part of a s278 Agreement under the Highways Act 1980 as part of a new housing development.
