Statement of Reasons
The proposals are being pursued as part of a Section 278 agreement under the Highways Act 1980. These proposals are being funded fully by Fylde Borough Council and are linked to the new town centre redevelopment scheme. The works on Garden Street comprise a narrowed carriageway between St Annes Road West and St Georges Lane with correspondingly widened footways, high specification paving and soft landscaping.
The purpose of the road hump is to reduce vehicle speeds in the interest of highway safety for all users and form part of the town centre enhancement scheme. The carriageway is also being reduced in width to provide providence for pedestrians and making the area less vehicle dominant.
