

STATEMENT OF REASONS

- **Tong Lane, Bacup**

NEW

Drawing No. SLO26-27(02)/RO-ML2

The proposal seeks to correct the speed limit signing on the section of Tong Lane, Bacup, immediately south of the existing 20mph limit. 30mph terminal signs are currently in place with no corresponding Speed Limit Order for this section. The existing signs will therefore be replaced with National Speed Limit (Derestricted) signs to ensure that the signing accurately reflects the legal speed limit.

These measures are proposed to ensure consistency between the Speed Limit Order and the speed limit signing, thus providing clarity for all road users.
